Motors Liquidation Company GUC Trust
Notes to Condensed Financial Statements
June 30, 2019

1. Description of Trust and Reporting Policies

The Motors Liquidation Company GUC Trust (“GUC Trust”) is a successor to Motors Liquidation Company (formerly known as General Motors Corp.) (“MLC”) within the meaning of Section 1145 of the United States Bankruptcy Code (“Bankruptcy Code”). The GUC Trust holds, administers and directs the distribution of certain assets pursuant to the terms and conditions of the Second Amended and Restated Motors Liquidation Company GUC Trust Agreement (the “GUC Trust Agreement”), dated as of July 30, 2015, and as amended from time to time, and pursuant to the Second Amended Joint Chapter 11 Plan (the “Plan”), dated March 18, 2011, of MLC and its debtor affiliates (collectively, along with MLC, the “Debtors”), for the benefit of holders of allowed general unsecured claims against the Debtors (“Allowed General Unsecured Claims”).

The GUC Trust was formed on March 30, 2011, as a statutory trust under the Delaware Statutory Trust Act, for the purposes of implementing the Plan and distributing the GUC Trust’s distributable assets. Wilmington Trust Company serves as trustee and trust administrator of the GUC Trust (in such capacity, and not in its individual capacity, the “GUC Trust Administrator”), and FTI Consulting, Inc. serves as trust monitor of the GUC Trust (in such capacity, and not in its individual capacity, the “GUC Trust Monitor”). Prior to the liquidation in July and August 2015 of all New GM Securities (as defined below) then held by the GUC Trust (pursuant to the Liquidation Order (as defined below)), the Plan (as qualified by the Liquidation Order) generally provided for the distribution of certain shares of common stock (“New GM Common Stock”) of the new General Motors Company, formerly known as NGMCO, Inc. (“New GM”) and any associated Dividend Cash (as defined below) and certain warrants for the purchase of shares of such stock (the “New GM Warrants,” and, together with the New GM Common Stock, the “New GM Securities”) to holders of Allowed General Unsecured Claims pro rata by the amount of such claims. Since such liquidation of the New GM Securities, distributions to holders of Allowed General Unsecured Claims consist entirely of cash distributions in lieu of New GM Securities. In addition, prior to the qualification by the Liquidation Order and the resulting subsequent liquidation of New GM Securities, the Plan provided that each holder of an Allowed General Unsecured Claim would obtain, in the form of GUC Trust Units (as defined below), a contingent right to receive, on a pro rata basis, additional shares of New GM Common Stock (and associated Dividend Cash) and New GM Warrants (if and to the extent such New GM Common Stock and New GM Warrants were not required for the satisfaction of previously Disputed General Unsecured Claims (as defined in Note 2), Term Loan Avoidance Action Claims (as defined in Note 2) or liquidation for the payment of the expenses and liabilities of the GUC Trust), and certain cash, if any, remaining at the dissolution of the GUC Trust. Since the aforementioned liquidation of all New GM Securities previously held by the GUC Trust, the holders of GUC Trust Units have a contingent right to receive additional cash, in lieu of New GM Securities, if any, remaining at the dissolution of the GUC Trust.

By order dated July 2, 2015 (the “Liquidation Order”), the Bankruptcy Court approved the conversion of the GUC Trust’s holdings of New GM Securities into cash. To effect such conversion, on July 7, 2015, the GUC Trust converted all of its holdings of New GM Warrants into New GM Common Stock in a cashless exercise. In total, the GUC Trust converted (i) 10,352,556 New GM Series A Warrants (defined below) into 7,407,155 shares of New GM Common Stock, and (ii) 10,352,556 New GM Series B Warrants (defined below) into 4,953,635 shares of New GM Common Stock. Thereafter, the GUC Trust sold all of its holdings of New GM Common Stock for net proceeds aggregating \$741.7 million, having completed all such sales on August 5, 2015. As a result, all distributions by the GUC Trust thereafter in respect of any Allowed General Unsecured Claims (including in respect of the GUC Trust Units) are made solely in cash. Pursuant to the Liquidation Order, the proceeds of such liquidation (net of applicable costs, fees, and expenses paid in respect thereof) were allocated to the beneficiaries of the GUC Trust on a pro rata basis in the following manner:

- (a) A GUC Trust beneficiary’s entitlement to a particular number of New GM Warrants that were exercised was converted into an entitlement to receive the number of shares of New GM Common Stock into which such New GM Warrants were exercised. Such conversions were 0.71549 shares of New GM Common Stock for each New GM Series A Warrant and 0.47849 shares of Common Stock for each New GM Series B Warrant; and
- (b) A GUC Trust beneficiary’s entitlement to a particular number of shares of New GM Common Stock that were liquidated (including the exercised New GM Warrants as set forth above), was converted into an entitlement to receive an amount of cash equal to the weighted average sales price (net of any applicable costs, fees, and expenses paid in respect thereof) of all of the New GM Common Stock sold, multiplied by the number of shares of New GM Common Stock to which such GUC Trust beneficiary would otherwise be entitled (including exercised New GM Warrants as set forth above). Such weighted average sales price for the GUC Trust’s holdings of New GM Common Stock that were sold subsequent to June 30, 2015 was \$31.23 per share.

Following the liquidation described above, the GUC Trust has invested most of the proceeds in certain marketable securities as permitted under the GUC Trust Agreement. The amount of cash and cash equivalents and marketable securities held for distribution to GUC Trust beneficiaries, including Dividend Cash, is referred to herein as Distributable Cash.

The GUC Trust exists solely for the purpose of resolving claims, distributing Distributable Cash (following the aforementioned liquidation of all New GM Securities) and winding down the affairs of MLC, all in accordance with a plan of liquidation of MLC approved by the Bankruptcy Court and the Liquidation Order. Accordingly, the GUC Trust has prepared the accompanying financial statements on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). Under the liquidation basis of accounting, assets are stated at their estimated realizable value, which is the non-discounted amount of cash into which an asset is expected to be converted during the liquidation period, while liabilities continue to be recognized at the amount required by other U.S. GAAP, and are not remeasured to reflect any anticipation that an entity will be legally released from an obligation. Additionally, under the liquidation basis of accounting, a reserve is established for estimated costs expected to be incurred during the liquidation period. Such costs are accrued when there is a reasonable basis for estimation. Also, an accrual is made for estimated income or cash expected to be received over the liquidation period to the extent that a reasonable basis for estimation exists. These estimates are periodically reviewed and adjusted as appropriate. The valuation of assets at realizable value, the accrual for investment income on marketable securities expected to be received over the liquidation period and reserves for expected liquidation costs represent estimates, based on present facts and circumstances known to the GUC Trust Administrator, and are subject to change.

As described above, the beneficiaries of the GUC Trust are future holders and, to the extent their liquidating distributions have not yet been paid to them, current holders of Allowed General Unsecured Claims and future and current holders of GUC Trust Units (“Trust Beneficiaries”). As Disputed General Unsecured Claims and Term Loan Avoidance Action Claims are resolved and allowed and thereby become Allowed General Unsecured Claims, the holders thereof become entitled to receive liquidating distributions of Distributable Cash (including Dividend Cash) and GUC Trust Units pro rata by the amount of such claims. Upon such occurrence, the GUC Trust incurs an obligation to distribute Distributable Cash and, accordingly, liquidating distributions payable are recorded in the amount of Distributable Cash (previously the fair value of New GM Securities) that the GUC Trust is obligated to distribute as of the end of the period in which the Disputed General Unsecured Claims and Term Loan Avoidance Action Claims are resolved as Allowed General Unsecured Claims. Prior to the resolution and allowance of Disputed General Unsecured Claims and Term Loan Avoidance Action Claims, liabilities are not recorded for the conditional obligations associated with Disputed General Unsecured Claims and Term Loan Avoidance Action Claims. Rather, the beneficial interests of GUC Trust beneficiaries in the residual assets of the GUC Trust are reflected in Net Assets in Liquidation of the GUC Trust in the financial statements.

The accompanying (a) condensed statement of net assets in liquidation as of March 31, 2019, which has been derived from audited financial statements, and (b) the unaudited interim condensed financial statements have been prepared in accordance with the instructions to Form 10-Q and, therefore, do not include all information and footnotes required by U.S. GAAP for complete financial statements. The GUC Trust believes all adjustments, normal and recurring in nature, considered necessary for a fair presentation have been included. The changes in net assets in liquidation for the three months ended June 30, 2019 are not necessarily indicative of the changes in net assets that may be expected for the full year. The GUC Trust believes that, although the disclosures contained herein are adequate to prevent the information presented from being misleading, the accompanying interim condensed financial statements should be read in conjunction with the GUC Trust’s financial statements for the year ended March 31, 2019 included in the Annual Report on Form 10-K filed by the GUC Trust with the Securities and Exchange Commission (“SEC”) on June 4, 2019.

The preparation of condensed financial statements in conformity with U.S. GAAP requires the GUC Trust Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and are subject to change.

Changes to U.S. GAAP are made by the FASB in the form of accounting standards updates (ASUs) to the FASB’s Accounting Standards Codification. The GUC Trust considers the applicability and impact of all ASUs. ASUs not noted herein were assessed and determined to be not applicable.

2. Plan of Liquidation

On March 31, 2011, the date the Plan became effective (the “Effective Date”), there were approximately \$29,771 million in Allowed General Unsecured Claims. In addition, as of the Effective Date, there were approximately \$8,154 million in disputed general unsecured claims which reflected liquidated disputed claims and a Bankruptcy Court ordered distribution reserve for unliquidated disputed claims (“Disputed General Unsecured Claims”), but did not reflect Term Loan Avoidance Action Claims. The total aggregate amount of general unsecured claims, both allowed and disputed, asserted against the Debtors, inclusive of the Term Loan Avoidance Action Claims, was approximately \$39,425 million as of the Effective Date.

Pursuant to the GUC Trust Agreement, holders of Disputed General Unsecured Claims became entitled to receive a distribution of Distributable Cash from the GUC Trust if, and to the extent that, such Disputed General Unsecured Claims became Allowed General Unsecured Claims (such claims, “Resolved Disputed Claims”). Under the GUC Trust Agreement, the GUC Trust Administrator had the authority to file objections to such Disputed General Unsecured Claims and such claims could be prosecuted through alternative dispute resolution proceedings, including mediation and arbitration, if appropriate. As of June 30, 2019, there were no remaining Disputed General Unsecured Claims. There remained \$50.0 million in claim amount that is not associated with any particular claim, but which has been set aside by the GUC Trust Administrator as a general claim contingency. See “Allowed and Disputed Claims” in Note 3 below.

Only one avoidance action, captioned Official Committee of Unsecured Creditors of Motors Liquidation Co. v. JPMorgan Chase Bank, N.A. et al., Adv. Pro. No. 09-00504 (Bankr. S.D.N.Y. July 31, 2009) (the “Term Loan Avoidance Action”), was commenced prior to the statutory deadline for commencing such actions. The Term Loan Avoidance Action was commenced by the Official Committee of Unsecured Creditors of Motors Liquidation Company (the “Committee”), and, among other things, sought the return of approximately \$1.5 billion that had been transferred by the Debtors (with funds advanced after the commencement of the Debtors’ chapter 11 cases by the United States Treasury and Export Development Canada (together, the “DIP Lenders”)) to a consortium of prepetition lenders pursuant to the terms of the order of the Bankruptcy Court. On December 15, 2011, in accordance with the Plan, upon the dissolution of MLC, the Term Loan Avoidance Action was transferred to the Avoidance Action Trust (as defined below). Pursuant to the GUC Trust Agreement, to the extent that Wilmington Trust Company, not in its individual capacity but solely in its capacity as the trustee and trust administrator of the Avoidance Action Trust (the “Avoidance Action Trust Administrator”), is successful in obtaining a recovery by way of judgment or settlement from the defendant(s) to the Term Loan Avoidance Action, such defendant(s) shall receive an Allowed General Unsecured Claim against the GUC Trust in the amount so disgorged to the Avoidance Action Trust (such allowed general unsecured claims “Resolved Term Loan Avoidance Action Claims,” and together with Resolved Disputed Claims, the “Resolved Allowed Claims”).

As previously disclosed and as further described in Part II, Item 1 (“Legal Proceedings”), the parties to the Term Loan Avoidance Action have executed a settlement agreement, which was approved by the Bankruptcy Court. Pursuant to such settlement agreement, approximately \$231.0 million was recovered by the Avoidance Action Trust from the defendants to the Term Loan Avoidance Action on July 1, 2019. Accordingly, a corresponding amount arose as Resolved Term Loan Avoidance Action Claims on July 1, 2019 and the holders became entitled to receive a distribution from the GUC Trust of approximately \$68.5 million subsequent to June 30, 2019. No funds reclaimed from the prepetition lenders in the Term Loan Avoidance Action will be transferred to or otherwise benefit the GUC Trust or be distributed on account of GUC Trust Units.

Upon the dissolution of MLC on December 15, 2011, MLC transferred \$0.5 million to the Avoidance Action Trust for the purposes of funding any potential public reporting requirements of the Avoidance Action Trust, in which funds the GUC Trust holds a residual interest to the extent unused by the Avoidance Action Trust. As of June 30, 2019, such remaining funds held by the Avoidance Action Trust are approximately \$0.4 million and are expected to be repaid to the GUC Trust by the Avoidance Action Trust subsequent to June 30, 2019. Such expected repayment is included in other assets in the accompanying Statements of Net Assets in Liquidation as of June 30, 2019 and March 31, 2019.

GUC Trust Distributable Assets

Pursuant to the terms of the Plan, the Bankruptcy Court authorized the distribution by New GM of 150 million shares of New GM Common Stock, warrants to acquire 136,363,635 newly issued shares of New GM Stock with an exercise price set at \$10.00 per share that would have expired on July 10, 2016 (“New GM Series A Warrants”), and warrants to acquire 136,363,635 newly issued shares of New GM Stock with an exercise price set at \$18.33 per share that would have expired on July 10, 2019 (“New GM Series B Warrants”). Record ownership of the New GM Securities was held by MLC for the benefit of the GUC Trust until the dissolution of MLC on December 15, 2011, at which time record ownership was transferred to the GUC Trust.

As described above, pursuant to the Liquidation Order, during July and August 2015, all of the GUC Trust’s holdings of New GM Securities were liquidated and, following such liquidation, the GUC Trust’s Distributable Assets principally consist of Distributable Cash. Substantially all of such Distributable Cash is invested in certain marketable securities as permitted under the GUC Trust Agreement.

Prior to the liquidation of all of its holdings of New GM Common Stock, the GUC Trust received dividends on such New GM Common Stock aggregating \$24.7 million. Such dividends are required to be applied to the same purpose as the New GM Common Stock to which such dividends relate. If the portion of Distributable Cash applicable to the proceeds from the liquidation of New GM Common Stock is distributed to holders of subsequently allowed Disputed General Unsecured Claims, Term Loan Avoidance Action Claims and GUC Trust Units, then the dividends relating to such Distributable Cash will also be distributed to such holders. If,

however, Distributable Cash is appropriated in accordance with the GUC Trust Agreement to fund the costs and liabilities of the GUC Trust, then, in that case, the dividends relating to such Distributable Cash will be applied to such costs and liabilities of the GUC Trust and (just like the appropriated Distributable Cash) will be maintained as Other Administrative Cash (as defined below). Because such dividends are applied to the same purposes as the associated Distributable Cash, any references in this Quarterly Report on Form 10-Q to Distributable Cash should be understood to include the dividends relating to such Distributable Cash, unless expressly stated otherwise. The amount of cash and cash equivalents and marketable securities held by the GUC Trust that relates to dividends received by the GUC Trust on New GM Common Stock previously held by the GUC Trust is referred to as Dividend Cash and is included in the amount of cash and cash equivalents and marketable securities held for distribution to GUC Trust beneficiaries that is referred to herein as Distributable Cash (except to the extent of dividends relating to appropriated Distributable Cash that is classified as Other Administrative Cash following such appropriation).

Funding for GUC Trust Costs of Liquidation

The GUC Trust has incurred and will continue to incur certain costs to liquidate the trust assets and implement the Plan. On or about the Effective Date, pursuant to the Plan, MLC contributed approximately \$52.7 million to the GUC Trust to be held and maintained by the GUC Trust Administrator (the “Administrative Fund”) for the purpose of paying certain fees and expenses (including certain tax obligations) incurred by the GUC Trust (including fees of the GUC Trust Administrator and the GUC Trust Monitor and the fees and expenses for professionals retained by the GUC Trust), other than the Reporting Costs, as defined below (“Wind-Down Costs”). As of June 30, 2019, the remaining Administrative Fund aggregated \$1.2 million (consisting of cash and cash equivalents and marketable securities). Such remaining amount of the Administrative Fund has been designated for the satisfaction of certain specifically identified costs and liabilities of the GUC Trust, and such amount may not be used for the payment of Trust Professionals fees and expenses or other Wind-Down Costs. Pursuant to the GUC Trust Agreement, cash or investments from the Administrative Fund, if any, which remain at the winding up and conclusion of the GUC Trust must be returned to the DIP Lenders.

The GUC Trust Agreement authorized the GUC Trust to liquidate approximately \$5.7 million of New GM Securities (the “Initial Reporting Cash”) shortly after the Effective Date for the purposes of funding certain fees and expenses of the GUC Trust (the “Reporting Costs”), including those directly or indirectly relating to (i) reports to be prepared and filed by the GUC Trust pursuant to applicable rules, regulations and interpretations of the SEC, (ii) the transfer, registration for transfer and certification of GUC Trust Units, (iii) the application by the Committee to the Internal Revenue Service (“IRS”) for a private letter ruling regarding the tax treatment of the GUC Trust and the holders of Allowed General Unsecured Claims in respect to the distribution of New GM Securities, and (iv) certain legal proceedings relating to the Term Loan Avoidance Action. The GUC Trust Agreement provides that the Administrative Fund may not be utilized to satisfy any Reporting Costs.

The GUC Trust Agreement provides that, to the extent the GUC Trust Administrator determines that the Administrative Fund is not sufficient to satisfy the current or projected Wind-Down Costs or the Initial Reporting Cash is not sufficient to satisfy the current or projected Reporting Costs, the GUC Trust Administrator, with the approval of the GUC Trust Monitor, is authorized to set aside Distributable Cash from distribution for these purposes. The GUC Trust Administrator may then appropriate such Distributable Cash to fund the Wind-Down Costs and/or Reporting Costs with the required approval of the Bankruptcy Court. Distributable Cash that is set aside and/or appropriated in this manner will not be available for distribution to the beneficiaries of GUC Trust Units, and any appropriation of Distributable Cash (including related Dividend Cash) will be classified as “Other Administrative Cash” under the GUC Trust Agreement. The setting aside (or appropriation) of Distributable Cash, including Dividend Cash, itself is not, and has not been, reflected in the Condensed Statements of Net Assets in Liquidation or any of the other financial statements of the GUC Trust. Separate from this process of setting aside (or appropriating) Distributable Cash to satisfy unfunded projected costs and expenses of the GUC Trust, as a matter of financial reporting, the GUC Trust records reserves in its Statement of Net Assets in Liquidation (the source of funding of which is not addressed therein) for all expected costs of liquidation for which there is a reasonable basis for estimation. For this reason, among others, there is not a direct relationship between the amount of such reserves reflected in the Statement of Net Assets in Liquidation and the amount of any Distributable Cash that is set aside (or appropriated) for current or projected costs and expenses of the GUC Trust. Adjustments to the Reserves for Expected Costs of Liquidation as reported in the Statement of Net Assets in Liquidation are recorded only when there is a reasonable basis for estimation of the expected incurrence of additional costs or a reduction in expected costs. For more information regarding the Reserves for Expected Costs of Liquidation reflected in the accompanying Condensed Statement of Net Assets in Liquidation, see Note 6.

Prior to the liquidation of all New GM Securities in July and August 2015 described above, the GUC Trust was authorized, with the approval of the GUC Trust Monitor, to set aside from distribution New GM Securities for the funding purposes described above and to sell such set aside New GM Securities with the approval of the Bankruptcy Court. The Bankruptcy Court previously approved in March and December 2012, and again in January 2015, the sale of New GM Securities to fund the then current and projected costs and expenses of the GUC Trust. The March 2012 Bankruptcy Court order also authorized the sale of further New GM Securities aggregating \$13.7 million for the purpose of funding certain fees, costs and expenses of the Avoidance Action Trust and the transfer of the sale proceeds to the Avoidance Action Trust (such sale proceeds were so transferred in May 2012). Prior to the liquidation of all

New GM Securities described above, sales of New GM Securities to fund projected Wind-Down Costs and Reporting Costs through calendar year 2015 aggregated approximately \$61.7 million, including Dividend Cash of \$0.2 million and the Initial Reporting Cash (which amounts comprised part of the GUC Trust's Other Administrative Cash). Such securities sold aggregated 1,043,801 shares of New GM Common Stock, 948,887 New GM Series A Warrants and 948,887 New GM Series B Warrants. In December 2015, February 2017, March 2018 and January 2019, the Bankruptcy Court approved the appropriation of Distributable Cash aggregating approximately \$48.0 million to fund the projected costs and expenses of the GUC Trust through calendar year 2019. Such appropriation reduced Distributable Cash and increased Other Administrative Cash. As of June 30, 2019, Other Administrative Cash aggregated \$31.6 million (including interest income received on marketable securities and cash equivalents). On February 1, 2019, the GUC Trust Administrator filed a motion seeking authority from the Bankruptcy Court to appropriate Distributable Cash of \$13.72 million for the purpose of satisfying noticing costs of up to \$13.72 million pursuant to the Revised Settlement Agreement described in Note 3 and Part II, Item 1 ("Legal Proceedings") below. No hearing date has been set with respect to such motion. To the extent that any of the Other Administrative Cash is not ultimately required and is held by the GUC Trust at the time of its dissolution, such remaining Other Administrative Cash will be distributed by the GUC Trust to holders of GUC Trust Units.

As of June 30, 2019, Distributable Cash of \$12.4 million was set aside for projected GUC Trust fees, costs and expenses to be incurred beyond 2019. Accordingly, such Distributable Cash is not available for distribution to the beneficiaries of GUC Trust Units. Set aside and/or appropriated Distributable Cash is reflected in cash and cash equivalents and marketable securities in the Statement of Net Assets in Liquidation until expended.

Funding for Potential Tax Liabilities on Dispositions of New GM Securities, Dividends on New GM Common Stock and Investment Income

The GUC Trust is subject to U.S. federal income tax on realized net gains from the distribution and sale of New GM Securities (such taxes, "Taxes on Distribution"). The GUC Trust is also subject to U.S. federal income tax on dividends received on New GM Common Stock held by the GUC Trust (such taxes, "Dividend Taxes") and on investment income earned on Distributable Cash (such taxes, "Investment Income Taxes"). The GUC Trust Agreement provides that the Administrative Fund may not be utilized to satisfy any Taxes on Distribution, Dividend Taxes or Investment Income Taxes. As such, the GUC Trust Administrator is authorized, with the approval of the GUC Trust Monitor, to set aside from distribution Distributable Cash in amounts that would be sufficient to satisfy any potential Taxes on Distribution, Dividend Taxes or Investment Income Taxes. Any Distributable Cash that is set aside for Dividend Taxes and Investment Income Taxes is included in the set-aside for Wind-Down Costs described above in "Funding for GUC Trust Costs of Liquidation." The GUC Trust Administrator may appropriate such set aside Distributable Cash to fund any such Taxes on Distribution, Dividend Taxes or Investment Income Taxes with the approval of the GUC Trust Monitor and, with respect to Dividend Taxes and Investment Income Taxes only, with the approval of the Bankruptcy Court. Any Distributable Cash that is appropriated in this manner will not be available for distribution to the beneficiaries of GUC Trust Units, and the appropriation of Distributable Cash (including Dividend Cash) will be classified as "Other Administrative Cash" under the GUC Trust Agreement. Set aside and/or appropriated Distributable Cash is reflected in cash and cash equivalents and marketable securities until expended to pay any Taxes on Distribution, Dividend Taxes or Investment Income Taxes. While any set-aside or appropriated Distributable Cash (including Dividend Cash) is not available for distribution, there is no corresponding liability or reserve related to any such set-aside assets reflected in the Statement of Net Assets in Liquidation or any of the other financial statements of the GUC Trust.

Prior to the liquidation of all New GM Securities in July and August 2015 described above, the GUC Trust was authorized, with the approval of the GUC Trust Monitor, to set aside from distribution New GM Securities to fund potential Taxes on Distribution, Dividend Taxes and Investment Income Taxes and to sell such set aside New GM Securities to fund the Taxes on Distribution, Dividend Taxes or Investment Income Taxes with the approval of the GUC Trust Monitor and, with respect to Dividend Taxes and Investment Income Taxes only, with the approval of the Bankruptcy Court.

During the quarter ended June 30, 2019, the GUC Trust Administrator reviewed the potential Taxes on Distribution, Dividend Taxes and Investment Income Taxes. As a result of such review, the GUC Trust Administrator determined that no Distributable Cash should be set aside for potential Taxes on Distribution, Dividend Taxes or Investment Income Taxes. As a result of the application of Section 505(b) of the Bankruptcy Code, the GUC Trust's federal income tax returns for the year ended March 31, 2018 and all prior years are no longer subject to examination by the IRS, and no income taxes may be assessed for the year ended March 31, 2018 or any prior year. However, the GUC Trust's remaining capital loss carryovers and net operating loss carryovers are still subject to examination by the IRS in subsequent years if those losses, if any, are utilized. Such utilization (on a net basis) is not expected as a result of the sale of all previously held New GM Securities in the year ended March 31, 2016, except potentially with respect to any receipt and subsequent distribution or sale by the GUC Trust of Additional Shares (if the fair market value of the Additional Shares on the date of distribution or sale is greater than the fair market value of such shares on the date of receipt), which is not determinable or estimable at this time. Accordingly, no income taxes are expected to be paid in the future, except potentially with respect to any Taxes on Distribution resulting from any receipt and subsequent distribution or sale by the GUC Trust of Additional Shares, which is not determinable or estimable at this time. See Note 7 and "Critical Accounting Policies and Estimates – Income Taxes" in Item 2

(“Management’s Discussion and Analysis of Financial Condition and Results of Operations”) below for more information regarding income taxes and remaining capital and net operating loss carryovers generated in prior years that are still subject to examination by the IRS, and which potentially could succeed to Claimants (as defined below pursuant to tax rules) and the material uncertainties associated therewith. The GUC Trust Administrator intends to continue to reevaluate the amount of Distributable Cash set aside on a quarterly basis.

For additional information regarding set aside Distributable Cash, see “Net Assets in Liquidation—Distributable Cash Set Aside from Distribution” in Item 2 (“Management’s Discussion and Analysis of Financial Condition and Results of Operations”) below.

Residual Wind-Down Claims and Costs

Upon the dissolution of the Debtors, which occurred on December 15, 2011, the GUC Trust became responsible for resolving and satisfying (to the extent allowed) all remaining disputed administrative expenses, priority tax claims, priority non-tax claims and secured claims (the “Residual Wind-Down Claims”). On December 15, 2011, under the Plan, the Debtors transferred to the GUC Trust an amount of assets necessary (the “Residual Wind-Down Assets”) to satisfy the ultimate allowed amount of such Residual Wind-Down Claims (including certain reasonable litigation defense costs related to the Term Loan Avoidance Action (the “Avoidance Action Defense Costs”), as estimated by the Debtors, and the costs, fees and expenses relating to satisfying and resolving the Residual Wind-Down Claims (the “Residual Wind-Down Costs”). The Residual Wind-Down Assets initially aggregated approximately \$42.8 million (which amount consisted of approximately \$40.0 million in cash, including approximately \$1.4 million designated for the payment of Avoidance Action Defense Costs, and the transferred benefit of approximately \$2.8 million in prepaid expenses). To the extent that the Residual Wind-Down Claims and the Residual Wind-Down Costs are less than the Residual Wind-Down Assets, any excess funds will be returned to the DIP Lenders. Also, while not expected at this time, if the GUC Trust Administrator determines that the Residual Wind-Down Assets are not adequate to satisfy the Residual Wind-Down Claims (including the actual amount of Avoidance Action Defense Costs) and Residual Wind-Down Costs, such costs will be satisfied by Other Administrative Cash. If there is no remaining Other Administrative Cash, the GUC Trust Administrator is authorized to, with GUC Trust Monitor approval, set aside and, with Bankruptcy Court approval, appropriate Distributable Cash to cover the shortfall. To the extent that Distributable Cash is set aside and/or appropriated to obtain funding to complete the wind-down of the Debtors, such Distributable Cash will not be available for distribution to the beneficiaries of the GUC Trust. Therefore, the amount of Residual Wind-Down Claims and Residual Wind-Down Costs could reduce the assets of the GUC Trust available for distribution. The setting aside or appropriation of Distributable Cash (including Dividend Cash) itself is not reflected in the Statement of Net Assets in Liquidation or any of the other financial statements of the GUC Trust. Rather, such set aside or appropriated Distributable Cash (including Dividend Cash) is reflected in cash and cash equivalents and marketable securities in the accompanying Condensed Statement of Net Assets in Liquidation until expended. After the GUC Trust has concluded its affairs, any funds remaining that were obtained from the sale of New GM Securities or appropriation of Distributable Cash to fund the wind-down process or the resolution and satisfaction of the Residual Wind-Down Claims will be distributed to the holders of the GUC Trust Units.

As of June 30, 2019, the amount of Avoidance Action Defense Costs incurred exceeds the corresponding cash of \$1.4 million received by the GUC Trust from MLC on the Dissolution Date by approximately \$30.2 million. As a result, new Residual Wind-Down Claims have arisen in the amount of such excess. In April 2017, the GUC Trust entered into a letter agreement with the administrative agent for the prepetition lenders who were the defendants in the Term Loan Avoidance Action, or the Administrative Agent. Such letter agreement provides that the GUC Trust’s obligation to pay Avoidance Action Defense Costs of the Administrative Agent is limited to an amount approximating the remaining designated Residual Wind-Down Assets. As a result of the Term Loan Avoidance Action settlement as described above and in Part II, Item 1 (“Legal Proceedings”) and by virtue of the terms of the settlement agreement, the GUC Trust is not responsible for payment of any further Avoidance Action Defense Costs.

As of June 30, 2019, Residual Wind-Down Assets aggregating \$0.2 million were held by the GUC Trust and were recorded in cash and cash equivalents in the accompanying Condensed Statement of Net Assets in Liquidation. There were no remaining expected Residual Wind-Down Claims and Costs against such assets as of June 30, 2019. Accordingly, the GUC Trust expects to return the remaining Residual Wind-Down Assets to the DIP Lenders upon the winding up and conclusion of the GUC Trust. A corresponding amount is recorded in the reserves for Residual Wind-Down Claims and Costs in the accompanying Condensed Statement of Net Assets in Liquidation.

In addition to the Residual Wind-Down Assets, the GUC Trust also received on the Dissolution Date approximately \$3.4 million in cash from MLC, which amount included: (i) \$1.4 million in respect of certain costs, fees and expenses payable under the Plan to the indenture trustees and fiscal and paying agents for the previously outstanding debt of MLC (the “Indenture Trustee / Fiscal and Paying Agent Costs”), and (ii) \$2.0 million in respect of Reporting Costs. The funds received were credited to the reserve for expected costs of liquidation. Any unused portion of the funds designated for the Indenture Trustee / Fiscal and Paying Agent Costs must be returned to the DIP Lenders and will not be available for distribution to the holders of GUC Trust Units at the winding up and conclusion of the GUC Trust. As of June 30, 2019, funds designated for the Indenture Trustee / Fiscal and Paying Agent Costs held by the GUC Trust approximated \$0.1 million and are recorded in cash and cash equivalents and marketable securities in the accompanying Condensed Statement of Net Assets in Liquidation. None of the approximately \$2.0 million in funds designated for Reporting Costs remained as of June 30, 2019.

3. Net Assets in Liquidation

Description

Under the GUC Trust Agreement and the Plan, as described more fully in Note 1, the beneficiaries of the GUC Trust are future and, to the extent their liquidating distributions have not yet been paid to them, current holders of Allowed General Unsecured Claims and future and current holders of GUC Trust Units. Assets of the GUC Trust consisting primarily of Distributable Cash (including Dividend Cash) as described in Note 1 are available to be distributed to the Trust Beneficiaries (“GUC Trust Distributable Assets”) in accordance with the Plan and the GUC Trust Agreement, except to the extent that they are set aside or appropriated for funding the expected costs of liquidation of the GUC Trust. The amounts of net assets in liquidation presented in the accompanying Condensed Statements of Net Assets in Liquidation correspond to the amounts of GUC Trust Distributable Assets as of the respective dates, after certain adjustments including reductions for the amounts of set aside Distributable Cash and appropriated Distributable Cash. As of June 30, 2019, GUC Trust Distributable Assets aggregated approximately \$457.9 million. For additional information, see “Net Assets in Liquidation—Distributable Assets” in Item 2 (“Management’s Discussion and Analysis of Financial Condition and Results of Operations”) below.

Cash and Cash Equivalents and Marketable Securities

As of June 30, 2019, cash and cash equivalents and marketable securities aggregated \$505.2 million and are comprised of the following:

<i>(in thousands)</i>	
Distributable Cash (including associated Dividend Cash)	\$472,070
Other Administrative Cash	31,562
Administrative Fund	1,234
Residual Wind-Down Assets	175
Funds for Indenture Trustee / Fiscal Paying Agent Costs	114
Total	<u>\$505,155</u>

As described in Note 4, as of June 30, 2019, the GUC Trust had accrued liquidating distributions payable aggregating \$1.8 million. In addition, as described in Note 2, as of June 30, 2019, the amount of Distributable Cash reflected in the table above includes \$12.4 million of amounts set aside for projected GUC Trust fees, costs and expenses to be incurred beyond 2019. The aggregate amount of Distributable Cash which was pending distribution or was set aside and was not available for distribution as of June 30, 2019 was \$14.2 million. As described in Note 2 above, on February 1, 2019, the GUC Trust Administrator filed a motion seeking authority from the Bankruptcy Court to appropriate Distributable Cash of \$13.72 million for the purpose of satisfying noticing costs up to \$13.72 million pursuant to the Revised Settlement Agreement described below in “Allowed and Disputed Claims” and Part II, Item 1 (“Legal Proceedings”). No hearing date has been scheduled with respect to such motion.

Accrued Investment Income on Cash Equivalents and Marketable Securities

As of June 30, 2019 and March 31, 2019, the GUC Trust had accrued approximately \$11.5 million and \$30.3 million, respectively, of investment income on marketable securities and cash equivalents expected to be earned over the estimated remaining liquidation period in accordance with the liquidation basis of accounting. Such accrual is estimated principally based on forecasted cash outflows and expected returns based on recent yields on Treasury bills in which the marketable securities are invested. Estimates of forecasted cash outflows consider the amount and timing of distributions in respect of GUC Trust Units. During the quarter ended June 30, 2019, such accrual was reduced by approximately \$18.8 million primarily due to a shortening in the expected date to make distributions in respect of GUC Trust Units during the quarter ended June 30, 2019. Such accrual, along with receivables for investment income earned as of June 30, 2019 and March 31, 2019, is included in Accrued Investment Income in the accompanying Condensed Statements of Net Assets in Liquidation.

Potential Distributable Capital and Net Operating Loss Carryovers

As described in “Critical Accounting Policies and Estimates—Income Taxes” in Item 2 (“Management’s Discussion and Analysis of Financial Condition and Results of Operations”) below, the GUC Trust’s unused capital and net operating loss carryovers potentially could succeed to Claimants (as defined below pursuant to tax rules) upon the termination of the GUC Trust. Reference is made thereto for information regarding such potential distributable loss carryovers and the material uncertainties associated therewith.

Trust Units

As described in Note 1, under the Plan, each holder of an Allowed General Unsecured Claim retains a contingent right to receive, on a pro rata basis, additional Distributable Cash (if and to the extent not required for the satisfaction of previously Disputed General Unsecured Claims or Term Loan Avoidance Action Claims, or appropriation for the payment of the expenses or any tax liabilities of the GUC Trust). The GUC Trust issues units representing such contingent rights (“GUC Trust Units”) at the rate of one GUC Trust Unit per \$1,000 of Allowed General Unsecured Claims to each holder of an Allowed General Unsecured Claim, subject to rounding pursuant to the GUC Trust Agreement, in connection with the initial recognition of each Allowed General Unsecured Claim.

The GUC Trust makes quarterly liquidating distributions to holders of GUC Trust Units to the extent that (i)(a) certain previously Disputed General Unsecured Claims asserted against the Debtors’ estates or Term Loan Avoidance Action Claims are either disallowed or are otherwise resolved favorably to the GUC Trust (thereby reducing the amount of GUC Trust assets reserved for distribution in respect of such asserted or potential claims) or (b) certain Excess GUC Trust Distributable Assets (as defined in the GUC Trust Agreement) that were previously set aside from distribution are released in the manner permitted under the GUC Trust Agreement, and (ii) as a result of the foregoing, the amount of Excess GUC Trust Distributable Assets (as defined in the GUC Trust Agreement) as of the end of the relevant quarter exceeds thresholds set forth in the GUC Trust Agreement.

The following table presents the changes during the three months ended June 30, 2019, in the number of GUC Trust Units outstanding or which the GUC Trust was obligated to issue:

	<u>Trust Units</u>
Outstanding or issuable as of March 31, 2019	31,855,504
Issued during the period	—
Less: Issuable as of beginning of period	—
Add: Issuable as of end of period (1)	—
Outstanding or issuable as of June 30, 2019 (2)(3)	<u>31,855,504</u>

- (1) The number of GUC Trust Units issuable at any time represents GUC Trust Units issuable in respect of Allowed General Unsecured Claims that were newly allowed during the fiscal quarter.
- (2) The number of GUC Trust Units outstanding at any time represents GUC Trust Units issued in respect of Allowed General Unsecured Claims that were allowed in prior periods, including GUC Trust Units held by the GUC Trust for the benefit of (a) holders of Allowed General Unsecured Claims who had not yet supplied information required by the GUC Trust in order to effect the initial distribution to which they are entitled and (b) governmental entities that are precluded by applicable law from receiving distributions of GUC Trust Units.
- (3) The number of GUC Trust Units outstanding or issuable as of the end of the quarter does not equal the amount of Allowed General Unsecured Claims on a 1 to 1,000 basis at the corresponding date because of additional GUC Trust Units that were issued due to rounding.

Allowed and Disputed Claims

The total cumulative pro rata liquidating distributions ultimately received by Trust Beneficiaries is dependent upon the current amount of Allowed General Unsecured Claims and final resolution of outstanding Disputed General Unsecured Claims and Term Loan Avoidance Action Claims (as described in Note 2). Outstanding Disputed General Unsecured Claims as of June 30, 2019 reflect a distribution “set aside” permitted by the Plan and the GUC Trust Agreement. As described in Note 1, prior to the resolution and allowance of Disputed General Unsecured Claims and Term Loan Avoidance Action Claims, liabilities are not recorded for the conditional obligations associated with Disputed General Unsecured Claims and Term Loan Avoidance Action Claims. Liquidating distributions payable are recorded in the amount of Distributable Cash (previously the fair value of New GM Securities) to be distributed as of the end of the period in which the Disputed General Unsecured Claims and Term Loan Avoidance Claims are resolved as Allowed General Unsecured Claims.

The following table presents a summary of activity with respect to Allowed General Unsecured Claims and remaining Disputed General Unsecured Claims and Term Loan Avoidance Action Claims for the three months ended June 30, 2019:

(in thousands)	Allowed General Unsecured Claims	Disputed General Unsecured Claims (1)	Term Loan Avoidance Action Claims	Maximum Amount of Unresolved Claims (2)	Total Claim Amount (3)
Total, March 31, 2019	\$31,855,432	\$ 50,000	\$1,494,843	\$1,544,843	\$33,400,275
New Allowed General Unsecured Claims	—	—	—	—	—
Disputed General Unsecured Claims resolved or disallowed	—	—	—	—	—
Term Loan Avoidance Action Claims resolved or disallowed	—	—	—	—	—
Total, June 30, 2019	<u>\$31,855,432</u>	<u>\$ 50,000</u>	<u>\$1,494,843</u>	<u>\$1,544,843</u>	<u>\$33,400,275</u>

- (1) Remaining Disputed General Unsecured Claims represent a general claim contingency for any future disputed claims or other obligations of the GUC Trust. The GUC Trust has set aside from distribution an aggregate of \$14.8 million for this general claim contingency (i.e., \$296 in Distributable Cash per \$1,000 of Allowed General Unsecured Claims, as provided in the Plan). Subsequent to June 30, 2019, the GUC Trust released such general claim contingency.
- (2) Maximum Amount of Unresolved Claims represents the sum of remaining Disputed General Unsecured Claims and Term Loan Avoidance Action Claims.
- (3) Total Claim Amount represents the sum of Allowed General Unsecured Claims and Maximum Amount of Unresolved Claims.

As described in Note 2 above and in Part II, Item 1 (“Legal Proceedings”) below, the parties to the Term Loan Avoidance Action executed a settlement agreement providing for recoveries to the Avoidance Action Trust of approximately \$231.0 million, among other provisions. Such settlement agreement was approved by the Bankruptcy Court and recoveries of approximately \$231.0 million were received by the Avoidance Action Trust on July 1, 2019. As a result, on July 1, 2019, Resolved Term Loan Avoidance Action Claims arose in a corresponding amount and the holders became entitled to receive distributions from the GUC Trust aggregating approximately \$68.5 million. Such Resolved Term Loan Avoidance Action Claims and distributions payable were recorded subsequent to June 30, 2019 when such allowed claims arose.

As described in Part II, Item 1 (“Legal Proceedings”), during December 2016, certain plaintiffs filed motions with the Bankruptcy Court seeking authority to file late proofs of claim against the GUC Trust. Were any late proofs of claim to be filed (following receipt of authority to do so from the Bankruptcy Court), additional general unsecured claims could arise. Also as described in Part II, Item 1 (“Legal Proceedings”), the GUC Trust has executed the Revised Settlement Agreement with such plaintiffs. If approved by the Bankruptcy Court, the Revised Settlement Agreement would provide for the payment of noticing costs of up to \$13.72 million. No further payments by the GUC Trust under the Revised Settlement Agreement would be required.

4. Liquidating Distributions

Liquidating distributions in the three months ended June 30, 2019 consisted of the following:

(in thousands)	Fair Value
Distributions during the three months ended June 30, 2019	\$ —
Less: Liquidating distributions payable as of March 31, 2019	(1,785)
Add: Liquidating distributions payable as of June 30, 2019	1,785
Total	<u>\$ —</u>

The GUC Trust was obligated as of June 30, 2019 to distribute Distributable Cash of \$1.8 million to certain holders of Allowed General Unsecured Claims who had not then satisfied certain informational requirements necessary to effect the distribution to which they are entitled.

As described in “Net Assets in Liquidation—Distributable Assets” in Item 2 (“Management’s Discussion and Analysis of Financial Condition and Results of Operations”) below, the GUC Trust’s set aside for potential distribution with respect to Term Loan Avoidance Action Claims and Disputed General Unsecured Claims was reduced by an aggregate of \$1,313.8 million subsequent to June 30, 2019. As a result, the GUC Trust expects to record distributions payable in respect of GUC Trust Units aggregating \$320.9 million in the three months ending September 30, 2019. See Part II, Item 1 (“Legal Proceedings”) for a description of proceedings with respect to payment of such distribution.

5. Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the inputs and valuation techniques used to measure fair value. The GUC Trust's Cash Equivalents, Marketable Securities, and Liquidating Distributions Payable are presented as provided by this hierarchy.

Level 1—In general, fair values determined by Level 1 inputs use quoted prices in active markets for identical assets and liabilities that the GUC Trust has the ability to access.

Level 2—Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets or liabilities in active markets, and other inputs such as interest rates and yield curves that are observable at commonly quoted intervals.

Level 3—Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset or liability. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset or liability. The GUC Trust had no assets or liabilities that are measured with Level 3 inputs as of June 30, 2019 and March 31, 2019.

In instances where inputs used to measure fair value fall into different levels in the above fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The GUC Trust's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset or liability.

The GUC Trust also holds other financial instruments not measured at fair value on a recurring basis, including Accounts Payable and Other Liabilities. The fair value of these liabilities approximates the carrying amounts in the accompanying financial statements due to the short maturity of such instruments.

The following table presents information about the GUC Trust's assets and liabilities measured at fair value on a recurring basis as of June 30, 2019 and March 31, 2019, and the valuation techniques used by the GUC Trust to determine those fair values.

(in thousands)	June 30, 2019			Total
	Level 1	Level 2	Level 3	
Assets:				
Cash Equivalents:				
Money market funds	\$ 56	\$ —	\$ —	\$ 56
Marketable Securities:				
U.S. Treasury bills	—	503,315	—	503,315
Total Assets	<u>\$ 56</u>	<u>\$503,315</u>	<u>\$ —</u>	<u>\$503,371</u>
Liabilities:				
Liquidating distributions payable	<u>\$1,785</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 1,785</u>
(in thousands)	March 31, 2019			Total
	Level 1	Level 2	Level 3	
Assets:				
Cash equivalents:				
Money market funds	\$ 34	\$ —	\$ —	\$ 34
Marketable Securities:				
U.S. Treasury bills	—	503,228	—	503,228
Total Assets	<u>\$ 34</u>	<u>\$503,228</u>	<u>\$ —</u>	<u>\$503,262</u>
Liabilities:				
Liquidating distributions payable	<u>\$1,785</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 1,785</u>

The following are descriptions of the valuation methodologies used for assets and liabilities measured at fair value:

- Due to their short-term liquid nature, the fair value of cash equivalents approximates their carrying value.

- Marketable securities consist of U.S. Treasury bills. Due to their short-term maturities, the fair value of U.S. Treasury bills approximates their carrying value.
- Liquidating distributions payable are valued at the amount of cash that the GUC Trust is obligated to distribute.

The GUC Trust's policy is to recognize transfers between levels of the fair value hierarchy as of the actual date of the event of change in circumstances that caused the transfer. There were no such transfers during the three months ended June 30, 2019 and the year ended March 31, 2019.

6. Reserves for Expected Costs of Liquidation and Residual Wind-Down Claims and Costs

The following is a summary of the activity in the reserves for expected costs of liquidation for the three months ended June 30, 2019 and 2018:

(in thousands)	Three months ended June 30, 2019			
	Reserve for Expected Wind-Down Costs	Reserve for Expected Reporting Costs	Reserve for Indenture Trustee/Fiscal and Paying Agent Costs	Total Reserves for Expected Costs of Liquidation
Balance, March 31, 2019	\$ 23,379	\$ 13,996	\$ 110	\$ 37,485
Less reductions in reserves	(2,855)	(1,158)	—	(4,013)
Less liquidation costs incurred:				
Trust professionals	(650)	(612)	—	(1,262)
Trust governance	(621)	(450)	(8)	(1,079)
Other administrative expenses	(32)	(62)	—	(94)
Balance, June 30, 2019	\$ 19,221	\$ 11,714	\$ 102	\$ 31,037

(in thousands)	Three months ended June 30, 2018			
	Reserve for Expected Wind-Down Costs	Reserve for Expected Reporting Costs	Reserve for Indenture Trustee/Fiscal and Paying Agent Costs	Total Reserves for Expected Costs of Liquidation
Balance, March 31, 2018	\$ 25,204	\$ 12,739	\$ 144	\$ 38,087
Less reductions in reserves	(2,401)	(2,073)	—	(4,474)
Less liquidation costs incurred:				
Trust professionals	(1,257)	(614)	—	(1,871)
Trust governance	(847)	(450)	(10)	(1,307)
Other administrative expenses	(40)	(55)	—	(95)
Balance, June 30, 2018	\$ 20,659	\$ 9,547	\$ 134	\$ 30,340

During the three months ended June 30, 2019, estimates of expected Wind-Down Costs and estimates of expected Reporting Costs (for which there is a reasonable basis for estimation) decreased by \$2.8 million and \$1.2 million, respectively. During the three months ended June 30, 2018, estimates of expected Wind-Down Costs and estimates of expected Reporting Costs decreased by \$2.4 million and \$2.1 million, respectively. Such revisions in the estimates were recorded as reductions in the reserves for expected costs of liquidation in such periods. The GUC Trust has recorded reserves for expected costs of liquidation that represent amounts expected to be incurred over the estimated remaining liquidation period of the GUC Trust for which there was a reasonable basis for estimation as of June 30, 2019.

The amount of liquidation costs that will ultimately be incurred depends both on the time period and on the extent of activities required for the GUC Trust to complete its functions and responsibilities under the Plan and the GUC Trust Agreement. Significant uncertainty remains both as to that time period and as to the extent of those activities. As of June 30, 2019, the recorded reserves for expected costs of liquidation reflect estimated costs for a remaining liquidation period estimated to extend, at a minimum, through January 2022, which was reduced by three months during the quarter ended June 30, 2019 from a remaining liquidation period previously estimated to extend through April 2022. The remaining liquidation period has been estimated predominately on a modified probability-weighted basis as permitted under U.S. GAAP and which the GUC Trust believes is the most appropriate measurement basis under the circumstances. Where an outcome is estimated to be likely, the likely outcome has been used as the best estimate and

no weight has been given to the unlikely outcome. In addition, consistent with the liquidation basis of accounting, no consideration has been given to potential outcomes to the extent there does not exist a reasonable basis for estimation. The remaining liquidation period is dependent predominantly on the estimate of the remaining period of time for resolution of litigation involving certain General Motors vehicle recalls described in Part II, Item 1 (“Legal Proceedings”). Because of uncertainties associated with resolution of the General Motors vehicle recall litigation, a reasonable basis for estimation with respect to certain outcomes does not exist. As a result, the GUC Trust’s estimate of the remaining period of time for resolution represents the minimum remaining length of time estimated to be likely for resolution of the litigation. In addition, certain additional estimated time to wind down the GUC Trust following resolution of the litigation is included in the estimated liquidation period. Future developments in the General Motors vehicle recall litigation could extend the current estimate of such minimum remaining period of time for resolution and, therefore, extend the estimated minimum remaining liquidation period of the GUC Trust beyond January 2022. In addition, certain liquidation costs that are expected to be prepaid by the GUC Trust upon its dissolution have also been estimated and accrued. The GUC Trust’s estimates regarding the costs and remaining liquidation period may change in the near term, and such change may be material.

As described in Part II, Item 1 (“Legal Proceedings”), noticing costs of up to \$13.72 million will be paid under the Revised Settlement Agreement if approved by the Bankruptcy Court. At this time, a reasonable basis for estimation does not exist as to whether such noticing costs will be incurred. Accordingly, as of June 30, 2019, no accrual for such potential noticing costs has been recorded. Also, certain holders of a majority of GUC Trust Units have asserted a claim for reimbursement of legal fees of approximately \$10.0 million incurred in connection with monitoring the actions of the GUC Trust. At this time, a reasonable basis for estimation does not exist as to whether any such reimbursement will be made. Accordingly, as of June 30, 2019, no accrual for such claim has been recorded.

There was no activity in the reserve for Residual Wind-Down Claims and Costs for the three months ended June 30, 2019 and 2018. As of June 30, 2019, the balance in such reserve was approximately \$0.2 million.

7. Income Taxes

There was no current tax benefit or provision for the three months ended June 30, 2019 and 2018, due to cumulative net operating and capital losses, and no income taxes have been paid by the GUC Trust. There also was no deferred tax benefit or provision in such periods as a result of the establishment of a full valuation allowance against net deferred tax assets as of the beginning and end of such periods.

Deferred taxes in the accompanying Condensed Statement of Net Assets in Liquidation as of June 30, 2019 are comprised of the following components:

Deferred tax assets:	
Reserves for expected costs of liquidation and Residual Wind-Down Claims and Costs	\$ 11,546
Net operating and capital loss carryovers	<u>51,938</u>
Gross deferred tax assets	63,484
Less: Valuation allowance	<u>(59,084)</u>
Deferred tax asset, net of valuation allowance	4,400
Deferred tax liabilities:	
Accrued investment income	(4,267)
Other asset	<u>(133)</u>
Gross deferred tax liabilities	<u>(4,400)</u>
Net deferred taxes	<u>\$ —</u>

As previously disclosed, during the quarter ended September 30, 2013, the GUC Trust made a determination to file its U.S. federal income tax returns taking the position that beneficial ownership for a substantial majority of New GM Securities was transferred from MLC to the GUC Trust on March 31, 2011, and that the tax basis of such New GM Securities should be determined with reference to the value of such securities on such date, instead of December 15, 2011, when record ownership of the remaining New GM Securities still held by MLC was transferred from MLC to the GUC Trust. For the remaining substantial minority of New GM Securities transferred from MLC to the GUC Trust, the GUC Trust determined that the transfer of beneficial ownership occurred on other dates for which the tax basis should be determined by reference to the value of such securities on such dates. This new tax position resulted in an increased tax basis of the New GM Securities from the prior tax position and, therefore, reduced taxable gains and increased taxable losses on distributions and sales of New GM Securities since March 31, 2011. The new tax position has not been sustained on examination by the IRS as of the date hereof. However, the GUC Trust believes, based on the available evidence and consultation with GUC Trust professionals, that it is more likely than not that the new tax position will be sustained on examination by the IRS based on the technical merits of the position. Accordingly, this new tax position has been recognized in the current and deferred income tax liabilities and the income tax provision in the GUC Trust’s financial statements since the quarter ended September 30, 2013.

Following the GUC Trust's determination to utilize the new tax position set forth above, the GUC Trust filed its U.S. federal income tax returns for the years ended March 31, 2013, and thereafter, with the IRS using such new tax position. Such tax returns were accompanied by requests for prompt determination of tax liability pursuant to Section 505(b) of the Bankruptcy Code, and the 60-day statutory notification periods set forth in Section 505(b) of the Bankruptcy Code with respect to the GUC Trust's U.S. federal income tax returns for the year ended March 31, 2018 and prior years have expired. Accordingly, the tax liabilities set forth in the GUC Trust's U.S. federal income tax returns for the year ended March 31, 2018 and prior years are no longer subject to examination by the IRS, and no income taxes can be assessed for such years. Also, no income taxes are expected to be paid in the future as a result of the liquidation of all the GUC Trust's holdings of New GM Securities during the year ended March 31, 2016, except potentially with respect to any Taxes on Distribution from any receipt and subsequent distribution or sale by the GUC Trust of Additional Shares, which is not determinable or estimable at this time. However, if any Taxes on Distribution resulting from the receipt and subsequent distribution or sale of Additional Shares were to become payable, it is anticipated that such income taxes would be funded from the sale of a portion of such Additional Shares.

On June 28, 2019, the GUC Trust filed its U.S. federal income tax return for the year ended March 31, 2019 with the IRS and requested prompt determination of tax liability pursuant to Section 505(b) of the Bankruptcy Code that same day. As of the date of this Quarterly Report on Form 10-Q, the GUC Trust has not received notification from the IRS whether or not its income tax return for the year ended March 31, 2019 has been selected for examination.

Remaining capital loss carryovers that were generated in prior years utilizing the new tax position, which aggregate \$1.7 million (after expiration on March 31, 2018 and 2017, respectively, of capital loss carryovers of \$22.6 million and \$158.1 million attributable to the year ended March 31, 2013 and 2012), along with net operating loss carryovers generated through June 30, 2019, aggregating \$138.7 million, could be subject to examination by the IRS in subsequent years when those losses, if any, are utilized. The GUC Trust does not expect to utilize any capital or net operating loss carryovers (on a net basis) in the future, except potentially with respect to any receipt and subsequent distribution or sale by the GUC Trust of Additional Shares referred to above (if the fair market value of the Additional Shares on the date of distribution or sale is greater than the fair market value of such shares on the date of receipt), which is not determinable or estimable at this time. The remaining capital loss carryovers of \$1.7 million expire on March 31, 2020 and the net operating loss carryovers begin to expire on March 31, 2032. However, pursuant to the enactment of the "Tax Cuts and Jobs Act" in December 2017, any net operating losses generated by the GUC Trust in tax years beginning April 1, 2018, do not expire. These loss carryovers in the aggregate result in a deferred tax asset of \$51.9 million (reflected in the table above). As described in "Critical Accounting Policies and Estimates—Income Taxes" in Item 2 ("Management's Discussion and Analysis of Financial Condition and Results of Operations") below, the GUC Trust's loss carryovers potentially could succeed to Claimants (as defined below pursuant to tax rules). Reference is made thereto for information regarding such potential distributable loss carryovers and the material uncertainties associated therewith.

A full valuation allowance against net deferred tax assets aggregating \$59.1 million was established as of June 30, 2019 because, as a result of the liquidation of all of the GUC Trust's holdings of New GM Securities, it has been determined that such deferred tax assets are not realizable at this time. Such valuation allowance was increased by \$4.3 million from the full valuation allowance against net deferred tax assets established as of March 31, 2019.

8. Related Party Transactions

In addition to serving as GUC Trust Administrator, Wilmington Trust Company continues to serve as trustee pursuant to the indentures for certain series of previously outstanding debt of MLC. Wilmington Trust Company has received and may receive in the future certain customary fees in amounts consistent with Wilmington Trust Company's standard rates for such service. The Bankruptcy Court previously approved the creation of a segregated fund for the purposes of funding such fees for Wilmington Trust Company, as well as the other indenture trustees and fiscal and paying agents for previously outstanding debt of MLC. There were no such fees for Wilmington Trust Company in the three months ended June 30, 2019 and 2018.

In addition, Wilmington Trust Company has entered into certain arrangements with the GUC Trust pursuant to which it or its affiliates have previously received, and may in the future receive, reasonable and customary fees and commissions for services other than services in the capacity of GUC Trust Administrator. Such arrangements include the provision of custodial, investment advisory and brokerage services to the GUC Trust. During the three months ended June 30, 2019 and 2018, the total amounts of such fees and commissions were approximately \$63,000 and \$65,000, respectively.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following addresses material changes in the net assets in liquidation of the Motors Liquidation Company GUC Trust, or the GUC Trust, for its first fiscal quarter ended June 30, 2019. It is intended to be read in conjunction with the condensed financial statements of the GUC Trust included in Item 1 above, which we refer to as the financial statements. For additional information about the purpose and administrative operations of the GUC Trust, see the disclosure in the notes to the financial statements filed with this Quarterly Report on Form 10-Q and in the Annual Report on Form 10-K for the year ended March 31, 2019 filed by the GUC Trust with the SEC on June 4, 2019. A glossary of defined terms used, but not otherwise defined, in this Quarterly Report on Form 10-Q is provided under the heading "Glossary" below.

Overview

The GUC Trust is a successor to Motors Liquidation Company (which dissolved on December 15, 2011), or MLC, for the purposes of Section 1145 of title 11 of the United States Code, or the Bankruptcy Code. The GUC Trust was initially formed on March 30, 2011, for the purposes of implementing the Second Amended Joint Chapter 11 Plan, or the Plan, of MLC and its affiliated debtors-in-possession, or the Debtors, which was filed with the United States Bankruptcy Court for the Southern District of New York, or the Bankruptcy Court, on March 18, 2011. The Plan subsequently became effective on March 31, 2011, or the Effective Date, and, on April 18, 2013, the Bankruptcy Court entered an order granting the GUC Trust's request for entry of a final decree administratively closing each of the Debtors' chapter 11 cases other than the chapter 11 case of MLC.

Functions and Responsibilities of the GUC Trust

The functions and responsibilities of the GUC Trust are governed by the Plan and the Second Amended and Restated Motors Liquidation Company GUC Trust Agreement, dated as of July 30, 2015, or the GUC Trust Agreement. The GUC Trust is administered by Wilmington Trust Company, not in its individual capacity but solely in its capacity as trust administrator and trustee, or the GUC Trust Administrator. As set forth in the GUC Trust Agreement, the activities of the GUC Trust Administrator are overseen by FTI Consulting, Inc., solely in its capacity as trust monitor of the GUC Trust, or the GUC Trust Monitor. Although the GUC Trust has no officers, directors or employees, the GUC Trust Administrator is authorized by the GUC Trust Agreement to engage professionals and other service providers to assist the GUC Trust Administrator in the administration of the GUC Trust. Accordingly, the GUC Trust and GUC Trust Administrator rely on receiving accurate information, reports and other representations from such professionals and service providers and from the GUC Trust Monitor.

Among its other duties and obligations, the GUC Trust is obligated pursuant to the Plan and the GUC Trust Agreement to (i) distribute the assets comprising the corpus of the GUC Trust to satisfy the general unsecured claims against the Debtors that are allowed pursuant to the Plan, or the Allowed General Unsecured Claims, (ii) prosecute and resolve objections to the general unsecured claims against the Debtors that are disputed at a given time, or Disputed General Unsecured Claims, (iii) take all necessary actions to administer the wind-down of the affairs of the Debtors, and (iv) to resolve and satisfy (to the extent allowed) the Residual Wind-Down Claims (as defined below) assumed by the GUC Trust.

Distributions and Distributable Assets of the GUC Trust

As of June 30, 2019, the principal assets comprising the corpus of the GUC Trust are holdings of cash and cash equivalents and marketable securities resulting from the liquidation in July and August 2015 of the GUC Trust's previously held (i) shares of common stock of General Motors Company, or the New GM Common Stock, (ii) warrants to acquire shares of New GM Common Stock at an exercise price of \$10.00 per share that would have expired on July 10, 2016, or the New GM Series A Warrants, and (iii) warrants to acquire shares of New GM Common Stock at an exercise price of \$18.33 per share that would have expired on July 10, 2019, or the New GM Series B Warrants. The New GM Series A Warrants and the New GM Series B Warrants are referred to collectively as the New GM Warrants, and the New GM Common Stock and the New GM Warrants are referred to collectively as the New GM Securities.

By order dated July 2, 2015, or the Liquidation Order, the Bankruptcy Court approved the conversion of the GUC Trust's holdings of New GM Securities into cash. To effect such conversion, on July 7, 2015, the GUC Trust converted all of its holdings of New GM Warrants into New GM Common Stock in a cashless exercise. In total, the GUC Trust converted (i) 10,352,556 New GM Series A Warrants into 7,407,155 shares of New GM Common Stock, and (ii) 10,352,556 New GM Series B Warrants into 4,953,635 shares of New GM Common Stock. Thereafter, the GUC Trust sold all of its holdings of New GM Common Stock for net proceeds aggregating \$741.7 million, having completed all such sales on August 5, 2015. As a result, all distributions by the GUC Trust thereafter in respect of Allowed General Unsecured Claims (including in respect of the GUC Trust Units) have been and will be made solely in cash.

Pursuant to the Liquidation Order, the proceeds of such liquidation (net of applicable costs, fees, and expenses paid in respect thereof) were allocated to the beneficiaries of the GUC Trust on a pro rata basis in the following manner:

- (a) A GUC Trust beneficiary's entitlement to a particular number of New GM Warrants that were exercised was converted into an entitlement to receive the number of shares of New GM Common Stock into which such New GM Warrants were exercised. Such conversions were 0.71549 shares of New GM Common Stock for each New GM Series A Warrant and 0.47849 shares of Common Stock for each New GM Series B Warrant; and
- (b) A GUC Trust beneficiary's entitlement to a particular number of shares of New GM Common Stock that were liquidated (including the exercised New GM Warrants as set forth above), was converted into an entitlement to receive an amount of cash equal to the weighted average sales price (net of any applicable costs, fees, and expenses paid in respect thereof) of all of the New GM Common Stock sold, multiplied by the number of shares of New GM Common Stock to which such GUC Trust beneficiary would otherwise be entitled (including exercised New GM Warrants as set forth above). Such weighted average sales price for the GUC Trust's holdings of New GM Common Stock that were sold subsequent to June 30, 2015 was \$31.23 per share.

Following the liquidation described above, the GUC Trust has invested most of the proceeds in certain marketable securities as permitted under the GUC Trust Agreement. The amount of cash and cash equivalents and marketable securities held for distribution to GUC Trust beneficiaries, including Dividend Cash (as defined below) is referred to herein as Distributable Cash.

The Plan, as qualified by the Liquidation Order, generally provides for the distribution of Distributable Cash (including Dividend Cash) to holders of Allowed General Unsecured Claims pro rata by the amount of such claims. In that regard, the Plan provides that each holder of an Allowed General Unsecured Claim will obtain, in addition to an initial distribution of Distributable Cash (including Dividend Cash) in such amount as described below, a contingent right to receive, on a pro rata basis, additional Distributable Cash (including Dividend Cash) (only if and to the extent such Distributable Cash is not required to satisfy new Allowed General Unsecured Claims or to fund the liquidation and administrative costs or income tax liabilities of the GUC Trust) available for distribution to the holders of such rights. Such rights are represented by units of beneficial interests in the GUC Trust, or GUC Trust Units, distributed to holders of Allowed General Unsecured Claims in proportion to the amount of their claims, subject to certain rounding rules set forth in the Plan and the GUC Trust Agreement.

Prior to the aforementioned liquidation of all its holdings of New GM Common Stock, the GUC Trust received dividends on the New GM Common Stock it held as of the respective record dates aggregating approximately \$24.7 million. Such dividends are required to be applied to the same purpose as the New GM Common Stock to which such dividends relate. If the portion of Distributable Cash applicable to the proceeds from the liquidation of New GM Common Stock is distributed to holders of subsequently allowed Disputed General Unsecured Claims and Term Loan Avoidance Action Claims, or GUC Trust Units, then the dividends relating to such Distributable Cash will also be distributed to such holders. If, however, Distributable Cash is appropriated by the GUC Trust in accordance with the GUC Trust Agreement to fund the costs and liabilities of the GUC Trust, then, in that case, the dividends relating to such Distributable Cash will be applied to such costs and liabilities of the GUC Trust and (just like the appropriated Distributable Cash) will be maintained in Other Administrative Cash (as defined below under the heading "Funding for the GUC Trust's Liquidation and Administrative Costs"). Because such dividends are applied to the same purpose as the associated Distributable Cash, any references in this Quarterly Report on Form 10-Q to Distributable Cash should be understood to include the dividends relating to such Distributable Cash, unless expressly stated otherwise. The amount of cash and cash equivalents and marketable securities held by the GUC Trust that relates to dividends received by the GUC Trust on New GM Common Stock previously held by the GUC Trust is referred to as Dividend Cash and is included in the amount of cash and cash equivalents and marketable securities held for distribution to GUC Trust beneficiaries that is referred to herein as Distributable Cash (except to the extent of dividends relating to appropriated Distributable Cash that is classified as Other Administrative Cash following such appropriation).

Pursuant to the GUC Trust Agreement, the GUC Trust is required to make quarterly distributions to the holders of Allowed General Unsecured Claims that were allowed during the immediately preceding fiscal quarter. Under the terms of the Plan, the GUC Trust Agreement and the Liquidation Order (and subject to rounding under the Plan), and following the liquidation of the GUC Trust's holdings of New GM Securities in July and August 2015, each \$1,000 in amount of such new Allowed General Unsecured Claims is entitled to receive (upon delivery of any information required by the GUC Trust) approximately \$296 in cash (which dollar value shifts slightly due to rounding as required by the Plan), which represents the net cash value of the New GM Securities that otherwise would have been distributed to such claimant prior to entry of the Liquidation Order, together with associated cash in lieu of fractional shares and Dividend Cash, as well as one GUC Trust Unit. Such initial distribution includes a pro rata share of Distributable Cash associated with New GM Securities that were distributed as Excess GUC Trust Distributable Assets (as defined below) in respect of GUC Trust Units since the Effective Date of the Plan. Quarterly distributions are made to holders of newly Allowed General Unsecured Claims as promptly as practicable after the first day of the fiscal quarter following the periods ending each March 31, June 30, September 30 and December 31, during the life of the GUC Trust.

In addition to the foregoing, the GUC Trust is required to make quarterly distributions in respect of GUC Trust Units if Excess GUC Trust Distributable Assets as of the end of the preceding fiscal quarter exceed certain thresholds set forth in the GUC Trust Agreement. Such distributions in respect of GUC Trust Units, if any, are made as promptly as practicable after the end of the periods ending each March 31, June 30, September 30 and December 31. Excess GUC Trust Distributable Assets means (i) Distributable Cash, including Dividend Cash (only if and to the extent such Distributable Cash (a) is not required for the satisfaction of new Allowed General Unsecured Claims and (b) has not been set aside from distribution to fund potential liquidation and administrative costs or income tax liabilities of the GUC Trust (as described below under “Net Assets in Liquidation—Distributable Cash Set Aside from Distribution”) and (ii) Other Administrative Cash available, if any, for distribution to the holders of GUC Trust Units.

As described in “Critical Accounting Policies and Estimates—Income Taxes” below, the GUC Trust’s unused Loss Carryovers (as defined below) potentially could succeed to Claimants (as defined below pursuant to tax rules) upon the termination of the GUC Trust. Reference is made thereto for information regarding such potential distributable Loss Carryovers and the material uncertainties associated therewith.

Funding for the GUC Trust’s Liquidation and Administrative Costs

As of the Effective Date, pursuant to the Plan, MLC funded approximately \$52.7 million in cash to the GUC Trust, or the Administrative Fund, to be held and maintained by the GUC Trust Administrator for the purpose of paying certain fees and expenses incurred by the GUC Trust (including the fees and expenses of the GUC Trust Administrator and the GUC Trust Monitor, the fees and expenses of other professionals retained by the GUC Trust, and certain tax obligations), which are referred to as the Wind-Down Costs. The United States Department of the Treasury and the Governments of Canada and Ontario (through Export Development Canada), which are referred to collectively as the DIP Lenders, maintain a lien on the Administrative Fund which relates to certain funds advanced at the commencement of the Debtors’ insolvency proceedings. Consequently, pursuant to the GUC Trust Agreement, any cash or investments from the Administrative Fund which remain at the winding up and conclusion of the GUC Trust must be returned to the DIP Lenders. As of June 30, 2019, the remaining Administrative Fund aggregated \$1.2 million (consisting of cash and cash equivalents and marketable securities). Such remaining amount of the Administrative Fund has been designated for the satisfaction of certain specifically identified costs and liabilities of the GUC Trust, and such amount may not be used for the payment of Trust Professionals fees and expenses or other Wind-Down Costs.

The GUC Trust Agreement provides that the Administrative Fund may not be utilized to fund certain specified costs, fees and expenses, which are referred to as Reporting Costs, including those directly or indirectly relating to (i) reports to be prepared and filed by the GUC Trust pursuant to applicable rules, regulations and interpretations of the Securities and Exchange Commission, or the SEC, (ii) the transfer, registration for transfer and certification of GUC Trust Units, (iii) the application by the Committee to the Internal Revenue Service, or the IRS, for a private letter ruling regarding the tax treatment of the GUC Trust and the holders of Allowed General Unsecured Claims in respect to the distribution of New GM Securities, and (iv) certain legal proceedings relating to the Term Loan Avoidance Action. In addition, the Administrative Fund cannot be used to fund any current or projected tax liabilities of the GUC Trust, other than those included in the Administrative Fund budget. However, the GUC Trust Agreement provides the GUC Trust Administrator with the authority to set aside from distribution and appropriate Distributable Cash to fund such Reporting Costs and projected tax liabilities (other than those included in the Administrative Fund budget), with the approval of the Bankruptcy Court and/or the GUC Trust Monitor, in each case as described below. Prior to the sale of all New GM Securities previously held by the GUC Trust in July and August 2015 as described above, the GUC Trust Administrator was authorized to set aside from distribution and sell New GM Securities to fund such Reporting Costs and projected tax liabilities with the approval of the Bankruptcy Court and/or the GUC Trust Monitor as described below.

The GUC Trust Agreement affords the GUC Trust Administrator, with the approval of the GUC Trust Monitor, the authority to set aside from distribution Distributable Cash (previously New GM Securities were set aside) in amounts sufficient to satisfy (i) any current or projected Wind-Down Costs of the GUC Trust that exceed the amounts budgeted or were not budgeted in the Administrative Fund, including any U.S. federal income taxes on dividends received by the GUC Trust on New GM Common Stock previously held by the GUC Trust (“Dividend Taxes”) and on investment income earned on Distributable Cash (“Investment Income Taxes”), (ii) any current or projected Reporting Costs that exceed the then current Reporting and Transfer Cash, or (iii) any current or projected Taxes on Distribution (as defined below). This process is not related to, and is separate from, the process of recognizing any current and deferred income tax liabilities, as well as reserves for expected costs of liquidation in the Statement of Net Assets in Liquidation as a matter of financial reporting, which is only required for expected costs of liquidation for which there is a reasonable basis for estimation under applicable accounting standards. See “Critical Accounting Policies and Estimates—Reserves for Expected Costs of Liquidation” and “Critical Accounting Policies and Estimates—Income Taxes” below. The GUC Trust Administrator reevaluates, on a quarterly basis, the amount of Distributable Cash needed to be set aside from distribution for purposes of funding projected liquidation and administrative costs (including any projected Dividend Taxes and Investment Income Taxes) and potential Taxes on Distribution.

The GUC Trust Administrator may appropriate Distributable Cash (previously, New GM Securities were sold) that has been set aside from distribution to fund (with the required approval of the Bankruptcy Court) the current or projected Wind-Down Costs (including any Dividend Taxes and Investment Income Taxes) and Reporting Costs of the GUC Trust, and (with the required approval of only the GUC Trust Monitor) any current and projected Taxes on Distribution of the GUC Trust. Such appropriated Distributable Cash (previously the cash proceeds of sales of New GM Securities and the marketable securities in which such cash proceeds were invested) is referred to as Other Administrative Cash. Pursuant to the GUC Trust Agreement, any cash or marketable securities constituting Other Administrative Cash which remain at the winding up and conclusion of the GUC Trust will be distributed to the holders of GUC Trust Units.

Prior to the aforementioned liquidation of all New GM Securities in July and August 2015, the GUC Trust was authorized, with the approval of the GUC Trust Monitor, to set aside from distribution New GM Securities for the funding of Wind-Down Costs and Reporting Costs described above and to sell such set aside New GM Securities with the approval of the Bankruptcy Court. The Bankruptcy Court previously approved in March and December 2012, and again in January 2015, the sale of New GM Securities to fund certain accrued and projected Wind-Down Costs which were in excess of the amounts budgeted in the Administrative Fund for such costs, and certain projected Reporting Costs. Prior to the aforementioned liquidation of all the GUC Trust's holdings of New GM Securities, sales of New GM Securities to fund projected Wind-Down Costs and Reporting Costs through calendar year 2015 aggregated approximately \$61.7 million, including Dividend Cash of \$0.2 million and approximately \$5.7 million expressly authorized by the GUC Trust Agreement to be liquidated shortly after the Effective Date for the purposes of funding certain Reporting Costs, which is referred to as the Initial Reporting Cash. In December 2015, February 2017, March 2018 and January 2019, the Bankruptcy Court approved the appropriation of Distributable Cash aggregating approximately \$48.0 million to fund the projected costs and expenses of the GUC Trust through calendar year 2019. Such appropriations reduced Distributable Cash and increased Other Administrative Cash. As of June 30, 2019, approximately \$31.6 million remained in Other Administrative Cash (including interest and dividend income received on marketable securities and cash equivalents) and was recorded in cash and cash equivalents and marketable securities in the accompanying Condensed Statement of Net Assets in Liquidation. On February 1, 2019, the GUC Trust Administrator filed a motion seeking authority from the Bankruptcy Court to appropriate Distributable Cash of \$13.72 million for the purpose of satisfying noticing costs of up to \$13.72 million pursuant to the Revised Settlement Agreement described in Part II, Item 1 ("Legal Proceedings") below. No hearing date has been set with respect to such motion.

Residual Wind-Down Claims and Costs

In addition to resolving Disputed General Unsecured Claims, the GUC Trust Administrator was required to resolve and satisfy (to the extent allowed) certain disputed administrative expenses, priority tax claims, priority non-tax claims, and secured claims against the Debtors, or the Residual Wind-Down Claims. Upon the dissolution and winding up of MLC on December 15, 2011, or the Dissolution Date, the GUC Trust assumed responsibility for the resolution and satisfaction (to the extent allowed) of such Residual Wind-Down Claims. At that time, MLC transferred to the GUC Trust assets, or the Residual Wind-Down Assets, in an amount sufficient, based upon the Debtors' reasonable estimates, to satisfy the residual Wind-Down Claims and the costs, fees and expenses related to satisfying and resolving the Residual Wind-Down Claims, or the Residual Wind-Down Costs. The Residual Wind-Down Assets so transferred approximated \$42.8 million consisting of approximately \$40.0 million in cash (including approximately \$1.4 million for the payment of certain defense costs related to the Term Loan Avoidance Action, or Avoidance Action Defense Costs) and the transferred benefit of approximately \$2.8 million in prepaid expenses.

As of June 30, 2019, the amount of Avoidance Action Defense Costs incurred exceeds the corresponding cash received by the GUC Trust from MLC on the Dissolution Date by approximately \$30.2 million. As a result, new Residual Wind-Down Claims have arisen in the amount of such excess. In April 2017, the GUC Trust entered into a letter agreement with the administrative agent for the prepetition lenders who were the defendants in the Term Loan Avoidance Action, or the Administrative Agent. Such letter agreement provides that the GUC Trust's obligation to pay Avoidance Action Defense Costs of the Administrative Agent is limited to an amount approximating the remaining designated Residual Wind-Down Assets. As a result of the Term Loan Avoidance Action settlement as described above and in Part II, Item 1 ("Legal Proceedings") and by virtue of the terms of the settlement agreement, the GUC Trust is not responsible for payment of any further Avoidance Action Defense Costs.

Pursuant to the GUC Trust Agreement and the Plan, the Residual Wind-Down Assets are to be administered in accordance with the GUC Trust Agreement and the Plan and are to be used to satisfy and resolve the Residual Wind-Down Claims and to fund the Residual Wind-Down Costs. Any unused portions of the Residual Wind-Down Assets must be returned to the DIP Lenders and will not be available for distribution to the holders of GUC Trust Units at the winding up and conclusion of the GUC Trust. While not expected, if, collectively, the actual amounts of Residual Wind-Down Claims allowed and the Residual Wind-Down Costs exceed the Residual Wind-Down Assets, the GUC Trust Administrator may be required to set aside from distribution and appropriate Distributable Cash to fund the shortfall. Any such appropriation of Distributable Cash would reduce the amount of Distributable Cash available for distribution to holders of GUC Trust Units.

As of June 30, 2019, Residual Wind-Down Assets aggregating \$0.2 million were held by the GUC Trust and were recorded in cash and cash equivalents and marketable securities in the accompanying Condensed Statement of Net Assets in Liquidation. There were no remaining expected Residual Wind-Down Claims and Costs against such assets as of June 30, 2019. Accordingly, the GUC Trust expects to return the remaining Residual Wind-Down Assets to the DIP Lenders upon the winding up and conclusion of the GUC Trust. A corresponding amount is recorded in the reserve for Residual Wind-Down Claims and Costs in the accompanying Condensed Statement of Net Assets in Liquidation.

Other Assets Received from MLC on the Dissolution Date

In addition to the Residual Wind-Down Assets, the GUC Trust also received on the Dissolution Date approximately \$3.4 million in cash from MLC, which amount included: (i) approximately \$2.0 million designated for Reporting Costs and (ii) approximately \$1.4 million designated for reimbursements to indenture trustees and fiscal and paying agents under the Debtors' prepetition debt issuances for costs associated with, among other things, administering distributions to registered holders of the debtors' prepetition debt issuances, or Indenture Trustee / Fiscal and Paying Agent Costs. Any unused portion of the funds designated for Indenture Trustee / Fiscal and Paying Agent Costs must be returned to the DIP Lenders and will not be available for distribution to the holders of GUC Trust Units at the winding up and conclusion of the GUC Trust. As of June 30, 2019, funds designated for the Indenture Trustee / Fiscal and Paying Agent Costs of \$0.1 million were held by the GUC Trust and are recorded in cash and cash equivalents and marketable securities in the accompanying Condensed Statement of Net Assets in Liquidation. A corresponding amount is recorded in the reserves for expected costs of liquidation in the accompanying Condensed Statement of Net Assets in Liquidation as of June 30, 2019. None of the approximately \$2.0 million in funds designated for Reporting Costs remained as of June 30, 2019.

Income Tax Liabilities for Certain Capital Gains, Investment Income and Dividends on New GM Common Stock

The GUC Trust incurs U.S. federal income tax liabilities on capital gains realized upon (a) the distribution of New GM Securities to holders of Allowed General Unsecured Claims or GUC Trust Units, (b) by sale of New GM Securities, or (c) any receipt and subsequent distribution or sale by the GUC Trust of Additional Shares (if the fair market value of the Additional Shares on the date of distribution or sale is greater than the fair market value of such shares on the date of receipt), unless such capital gains are offset by capital losses, deductible expenses and accumulated net operating losses, which are referred to as Taxes on Distribution. The GUC Trust also incurs U.S. federal income tax liabilities on investment income and dividends received on New GM Common Stock previously held by the GUC Trust, unless such income is offset by deductible expenses and accumulated net operating losses (such income tax liabilities on dividends received on New GM Common Stock and investment income are referred to as Dividend Taxes and Investment Income Taxes, respectively). The GUC Trust records any current taxes payable from such realized net capital gains and interest and dividends (net of deductible operating losses and expenses) and records a deferred tax asset with a corresponding valuation allowance (resulting in no net deferred tax asset) for remaining net capital loss carryovers from the disposition of New GM Securities, along with net operating loss carryovers. A full valuation allowance is recorded because, as a result of the liquidation of all of the GUC Trust's holdings of New GM Securities, it has been determined that such deferred tax assets are not realizable at this time. See "Critical Accounting Policies and Estimates—Income Taxes" below. As a result of cumulative capital losses utilizing the new tax position described below and net operating losses, the GUC Trust has not incurred or paid any income tax liabilities, and, as described below, the GUC Trust does not expect to incur any income tax liabilities in the future, except potentially with respect to any Taxes on Distribution from receipt and subsequent distribution or sale by the GUC Trust of Additional Shares, which is not determinable or estimable at this time.

As previously disclosed, during the quarter ended September 30, 2013, the GUC Trust made a determination to file its U.S. federal income tax returns taking the position that beneficial ownership for a substantial majority of New GM Securities was transferred from MLC to the GUC Trust on March 31, 2011, and that the tax basis of such New GM Securities should be determined with reference to the value of such securities on such date, instead of December 15, 2011, when record ownership of the remaining New GM Securities still held by MLC was transferred from MLC to the GUC Trust. For the remaining substantial minority of New GM Securities transferred from MLC to the GUC Trust, the GUC Trust determined that the transfer of beneficial ownership occurred on other dates for which the tax basis should be determined by reference to the value of such securities on such dates. This new tax position resulted in an increased tax basis of the New GM Securities from the prior tax position and, therefore, reduced taxable gains and increased taxable losses on distributions and sales of New GM Securities since March 31, 2011. The new tax position has not been sustained on examination by the IRS as of the date hereof. However, the GUC Trust believes, based on the available evidence and consultation with GUC Trust professionals, that it is more likely than not that the new tax position will be sustained on examination by the IRS based on the technical merits of the position. Accordingly, this new tax position has been recognized in the current and deferred income tax liabilities and the income tax provision in the GUC Trust's financial statements since the quarter ended September 30, 2013.

Following the GUC Trust's determination to utilize the new tax position set forth above, the GUC Trust filed its U.S. federal income tax returns for the years ended March 31, 2013 and thereafter with the IRS using such new tax position. Such tax returns were accompanied by requests for prompt determination of tax liability pursuant to Section 505(b) of the Bankruptcy Code, and the 60-day statutory notification periods set forth in Section 505(b) of the Bankruptcy Code with respect to the GUC Trust's U.S. federal income tax returns for the year ended March 31, 2018 and prior years have expired. Accordingly, the tax liabilities set forth in the GUC Trust's U.S. federal income tax returns for the year ended March 31, 2018 and prior years are no longer subject to examination by the IRS, and no income taxes can be assessed for such years. Also, no income taxes are expected to be paid in the future as a result of the liquidation of all the GUC Trust's holdings of New GM Securities during the year ended March 31, 2016, except potentially with respect to any Taxes on Distributions resulting from any receipt and subsequent distribution or sale by the GUC Trust of Additional Shares referred to above, which is not determinable or estimable at this time. On June 28, 2019, the GUC Trust filed its U.S. federal income tax return for the year ended March 31, 2019 with the IRS and requested prompt determination of tax liability pursuant to Section 505(b) of the Bankruptcy Code that same day. As of the date of this Quarterly Report on Form 10-Q, the GUC Trust has not received notification from the IRS whether or not its income tax return for the year ended March 31, 2019 has been selected for examination.

Term Loan Avoidance Action

On July 31, 2009, the Committee commenced a legal action against certain prepetition lenders of the Debtors, styled as Official Committee of Unsecured Creditors of Motors Liquidation Co. v. JPMorgan Chase Bank, N.A. et al. (Adv. Pro. No. 09-00504 (Bankr. S.D.N.Y. July 31, 2009)), which is referred to as the Term Loan Avoidance Action. Among other things, the Term Loan Avoidance Action sought the return of approximately \$1.5 billion that had been transferred to a consortium of prepetition lenders of the Debtors, pursuant to the court order approving the debtor-in-possession loans made by the DIP Lenders to MLC. On the Dissolution Date, the Term Loan Avoidance Action was transferred to a trust established for the purpose of holding and prosecuting the Term Loan Avoidance Action, or the Avoidance Action Trust. If Wilmington Trust Company, not in its individual capacity but solely in its capacity as the trustee and trust administrator of the Avoidance Action Trust, which, in such capacity, is referred to as the Avoidance Action Trust Administrator, is successful in its prosecution of the Term Loan Avoidance Action, any amounts recovered by the Avoidance Action Trust will, pursuant to the Plan, give rise to Allowed General Unsecured Claims on behalf of the prepetition lenders from which such amounts were recovered (as beneficiaries of the GUC Trust) (such allowed general unsecured claims "Resolved Term Loan Avoidance Action Claims," and together with Resolved Disputed Claims, the "Resolved Allowed Claims"). As used in this Quarterly Report on Form 10-Q, the amounts of "Disputed General Unsecured Claims" do not include any Term Loan Avoidance Action Claims. Pursuant to the Plan, no funds reclaimed from the prepetition lenders will be transferred to the GUC Trust or be distributed to holders of GUC Trust Units in respect of such GUC Trust Units. Accordingly, in the event of the successful prosecution of the Term Loan Avoidance Action by the Avoidance Action Trust, a holder of a GUC Trust Unit that does not hold a corresponding Allowed General Unsecured Claim (because such holder received the GUC Trust Unit as a subsequent transferee and not in a direct distribution from the GUC Trust in satisfaction of an Allowed General Unsecured Claim) will have its recovery diluted through the incurrence of Resolved Term Loan Avoidance Action Claims by the GUC Trust, without receiving the benefit of any cash recovered pursuant to the Term Loan Avoidance Action.

As previously disclosed and as further described in Part II, Item 1 ("Legal Proceedings"), the parties to the Term Loan Avoidance Action have executed a settlement agreement, which was approved by the Bankruptcy Court. Pursuant to such settlement agreement, approximately \$231.0 million was recovered by the Avoidance Action Trust from the defendants to the Term Loan Avoidance Action on July 1, 2019. Accordingly, a corresponding amount arose as Resolved Term Loan Avoidance Action Claims on July 1, 2019 and the holders became entitled to receive a distribution from the GUC Trust of approximately \$68.5 million subsequent to June 30, 2019. No funds reclaimed from the prepetition lenders in the Term Loan Avoidance Action will be transferred to or otherwise benefit the GUC Trust or be distributed on account of GUC Trust Units.

Critical Accounting Policies and Estimates

Liquidation Basis of Accounting

The GUC Trust was created for the purposes described in Note 1 ("Description of Trust and Reporting Policies") to the financial statements and has a finite life. As a result, the GUC Trust has prepared its financial statements on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). Under the liquidation basis of accounting, assets are stated at their estimated realizable value, which is the non-discounted amount of cash into which an asset is expected to be converted during liquidation, while liabilities continue to be recognized at the amount required by other U.S. GAAP, and are not remeasured to reflect any anticipation that an entity will be legally released from an obligation. Additionally, under the liquidation basis of accounting, a reserve is established for estimated costs expected to be incurred during liquidation. Such costs are accrued when there is a reasonable basis for estimation. An accrual is also made for estimated income or cash expected to be received over the liquidation period to the extent that a reasonable basis for estimation exists. The valuation of assets at realizable value, reserves for expected liquidation costs and the accrual for investment income from marketable securities represent estimates, based on present facts and circumstances known to the GUC Trust Administrator, and are subject to change. These estimates are periodically reviewed and adjusted as appropriate. As described below under the headings "Cash Equivalents, Marketable Securities and Accrued Investment Income on Cash Equivalents and Marketable Securities" and "Reserves for Expected Costs of Liquidation," estimates for investment income expected to be earned over the remaining liquidation period and estimates for the expected costs of liquidation may change in the near term, and such change could be material.

The GUC Trust beneficiaries are future and, to the extent their liquidating distributions have not yet been paid to them, current holders of Allowed General Unsecured Claims and future and current holders of GUC Trust Units. As Disputed General Unsecured Claims and Term Loan Avoidance Claims are resolved and allowed and thereby become Allowed General Unsecured Claims, the holders thereof become entitled to receive liquidating distributions of Distributable Cash (including Dividend Cash) and GUC Trust Units pro rata by the amount of such claims. Upon such occurrence, the GUC Trust incurs an obligation to distribute Distributable Cash and, accordingly, liquidating distributions payable are recorded in the amount of Distributable Cash (previously the fair value of New GM Securities) that the GUC Trust is obligated to distribute as of the end of the period in which Disputed General Unsecured Claims and Term Loan Avoidance Action Claims are resolved as Allowed General Unsecured Claims. Prior to the resolution and allowance of Disputed General Unsecured Claims and Term Loan Avoidance Action Claims, liabilities are not recorded for the conditional obligations associated with Disputed General Unsecured Claims and Term Loan Avoidance Action Claims. Rather, the beneficial interests of GUC Trust beneficiaries in the residual assets of the GUC Trust are reflected in Net Assets in Liquidation of the GUC Trust in the financial statements.

Under the liquidation basis of accounting, the GUC Trust presents two principal financial statements: a Statement of Net Assets in Liquidation and a Statement of Changes in Net Assets in Liquidation. In addition, although not required under the liquidation basis of accounting, the GUC Trust also presents a Statement of Cash Flows, in accordance with the requirements of the GUC Trust Agreement.

Dividends Received on New GM Common Stock

The GUC Trust previously held New GM Securities for future distribution in respect of Allowed General Unsecured Claims and the GUC Trust Units. The securities held consisted of shares of New GM Common Stock and New GM Warrants. As described above under “Functions and Responsibilities of the GUC Trust—Distributions and Distributable Assets of the GUC Trust,” pursuant to the Liquidation Order, the GUC Trust liquidated all of its holdings of New GM Securities during July and August 2015. Dividends were received on previously held New GM Common Stock and such dividends are required to be applied to the same purpose as the New GM Common Stock to which such dividends relate. If the portion of Distributable Cash applicable to the liquidated New GM Common Stock is distributed to holders of subsequently Resolved Allowed Claims and GUC Trust Units, then the dividends relating to such Distributable Cash will also be distributed to such holders. If, however, Distributable Cash is appropriated by the GUC Trust in accordance with the GUC Trust Agreement to fund the costs and liabilities of the GUC Trust, then, in that case, the dividends relating to such appropriated Distributable Cash will be applied to such costs and liabilities of the GUC Trust and (just like the appropriated Distributable Cash) will be maintained in Other Administrative Cash. Because such dividends are applied to the same purpose as the associated Distributable Cash, any references to Distributable Cash should be understood to include the dividends relating to such Distributable Cash, unless expressly indicated otherwise. The amount of cash and cash equivalents and marketable securities held by the GUC Trust that relates to dividends received by the GUC Trust on New GM Common Stock previously held by the GUC Trust is referred to as Dividend Cash and is included in the amount of cash and cash equivalents and marketable securities held for distribution to GUC Trust beneficiaries that is referred to as Distributable Cash (except to the extent of dividends relating to appropriated Distributable Cash that is classified as Other Administrative Cash following such appropriation).

Cash Equivalents, Marketable Securities and Accrued Investment Income on Cash Equivalents and Marketable Securities

Cash equivalents consist of balances held in money market funds. Marketable securities consist of short-term investments in U.S. Treasury bills. The GUC Trust has valued these securities at carrying value, which approximates fair value. Estimated investment income expected to be earned on short-term investments in marketable securities is accrued under the liquidation basis of accounting to the extent that a reasonable basis for estimation exists. Such accrual is estimated principally based on forecasted cash outflows and expected returns based on recent yields on U.S. Treasury bills in which the marketable securities are invested. Estimates of forecasted cash outflows consider the estimated amount and timing of distributions in respect of GUC Trust Units. Such estimates may change in the near term, and such change may be material.

Reserves for Residual Wind-Down Claims and Residual Wind-Down Costs

Upon the dissolution of MLC, which occurred on December 15, 2011, the GUC Trust became responsible for resolving and satisfying (to the extent allowed) all remaining Residual Wind-Down Claims. On the date of dissolution of the Debtors, the Debtors transferred to the GUC Trust Residual Wind-Down Assets in an amount necessary to satisfy the ultimate allowed amount of such Residual Wind-Down Claims (including certain Avoidance Action Defense Costs) and the Residual Wind-Down Costs, as estimated by the Debtors. A corresponding amount was recorded in the reserves for Residual Wind-Down Claims and Costs. Prior to execution

of the letter agreement with the Administrative Agent described above, such reserves were increased for expected increases in Avoidance Action Defense Costs for which there was a reasonable basis for estimation and that were expected to exceed the recorded reserves. Should the Residual Wind-Down Claims and the Residual Wind-Down Costs be less than the Residual Wind-Down Assets, any excess funds will be returned to the DIP Lenders. While not expected, if, collectively, the actual amounts of Residual Wind-Down Claims allowed and the Residual Wind-Down Costs exceed the Residual Wind-Down Assets, the GUC Trust Administrator may be required to set aside from distribution and appropriate Distributable Cash to fund the shortfall. Any such appropriation would reduce the amount of Distributable Cash (including Dividend Cash) available for distribution to holders of GUC Trust Units.

Reserves for Expected Costs of Liquidation

Under the liquidation basis of accounting, the GUC Trust is required to estimate and accrue the costs associated with implementing the Plan and distributing the GUC Trust's distributable assets. These costs, described as Wind-Down Costs and Reporting Costs in Note 2 ("Plan of Liquidation") to the financial statements, consist principally of professional fees, costs of governance, and other administrative expenses. These amounts may vary significantly due to, among other things, the time and effort required to complete all activities and distributions under the Plan. The GUC Trust has recorded reserves for expected costs of liquidation that represent estimated costs to be incurred over the remaining liquidation period of the GUC Trust for which there is a reasonable basis for estimation. The amount of liquidation costs that will ultimately be incurred depends both on the period of time and on the extent of activities required for the GUC Trust to complete its functions and responsibilities under the Plan and the GUC Trust Agreement. Significant uncertainty remains both as to that time period and as to the extent of those activities. As a result, estimates for the expected costs of liquidation may change in the near term, and such change could be material.

As of June 30, 2019, such remaining liquidation period is estimated to extend, at a minimum, through January 2022 and has been estimated predominantly on a modified probability-weighted basis, which the GUC Trust believes is the most appropriate measurement basis under the circumstances. Where an outcome is estimated to be likely, the likely outcome has been used as the best estimate and no weight has been given to the unlikely outcome. In addition, consistent with the liquidation basis of accounting, no consideration has been given to potential outcomes to the extent there does not exist a reasonable basis for estimation. The remaining liquidation period is dependent predominantly on the estimate of the remaining period of time for resolution of litigation involving certain General Motors vehicle recalls described in Part II, Item 1 ("Legal Proceedings"). Because of uncertainties associated with resolution of the General Motors vehicle recall litigation, a reasonable basis for estimation with respect to certain outcomes does not exist. As a result, the GUC Trust's estimate of the remaining period of time for resolution represents the minimum remaining length of time estimated to be likely for resolution of the litigation. In addition, certain additional estimated time to wind down the GUC Trust following resolution of the litigation is included in the estimated liquidation period. Future developments in the General Motors vehicle recall litigation could extend the current estimate of such remaining period of time for resolution and, therefore, extend the estimated remaining liquidation period of the GUC Trust beyond January 2022. In addition, certain liquidation costs that are expected to be prepaid by the GUC Trust upon its dissolution have also been estimated and accrued. The GUC Trust's estimates regarding the costs and remaining liquidation period may change in the near term, and such change may be material.

As the GUC Trust incurs liquidation costs, the reserves are released to offset the costs incurred and a liability to the service provider is recognized as an accounts payable or accrued liability until paid. In addition, because the GUC Trust only records reserves for expected costs for which there is a reasonable basis for estimation under applicable U.S. GAAP, additional costs may be identified from time to time for which additional reserves must be recorded. As such costs are identified, the GUC Trust records an increase to its reserves and charges such increase as an addition to such reserves in the Statement of Changes in Net Assets in Liquidation.

The process of recording reserves for expected costs of liquidation as a matter of financial reporting is separate and distinct from the process by which Distributable Cash is set aside from distribution for the purposes of funding projected costs of liquidation. Such projected costs are generally estimated on a more conservative (i.e., more inclusive) basis and include contingencies that are not permitted to be accrued in reserves for expected costs of liquidation under applicable U.S. GAAP. For a more complete description of the process of setting aside Distributable Cash to fund projected costs and potential liabilities of the GUC Trust, see "Functions and Responsibilities of the GUC Trust—Funding for the GUC Trust's Liquidation and Administrative Costs" above and "Net Assets in Liquidation—Distributable Cash Set Aside from Distribution" below.

Income Taxes

The GUC Trust is considered to be a Disputed Ownership Fund pursuant to Treasury Regulation Section 1.468B-9. Because all of the assets that have been transferred to the GUC Trust are passive investments, the GUC Trust is taxed as a Qualified Settlement Fund (or QSF) pursuant to Treasury Regulation Section 1.468B-9(c)(1)(ii). The QSF tax status of the GUC Trust was approved by the IRS in a private letter ruling issued on March 2, 2011. In general, a QSF computes taxable income in the same manner as a corporation but pays Federal income tax using trust income tax rates on its modified gross income. Modified gross income includes gross income pursuant to Internal Revenue Code Section 61, less administrative expenses, certain losses from the sale, exchange or worthlessness of property, and net operating losses. In general, a Disputed Ownership Fund taxed as a QSF does not recognize gross income on assets transferred to it; therefore, the GUC Trust has not recognized gross income on the transfer of assets from MLC.

The GUC Trust generates gross income in the form of interest and dividend income (including dividends received on its previous holdings of New GM Common Stock) and recognizes capital gains and/or losses upon (a) its disposition of New GM Securities and (b) any receipt and subsequent distribution or sale by the GUC Trust of Additional Shares (if the fair market value of the Additional Shares on the date of distribution or sale differs from the fair market value of such shares on the date of receipt), which are reduced by administrative expenses and accumulated net operating and capital losses, to compute modified gross income. As the GUC Trust is taxable for federal income tax purposes, a current income tax liability or asset, if any, is recognized for estimated taxes payable or receivable for the year. Deferred tax liabilities and assets are recognized for the estimated future tax effects of temporary differences between financial reporting and tax accounting. Deferred tax assets are reviewed for recoverability and valuation allowances are provided as necessary.

The GUC Trust is not subject to state income taxes under current law. Accordingly, no current or deferred state income tax liabilities and assets are recorded.

The process of recognizing deferred tax assets and liabilities and any current income taxes payable as a matter of financial reporting is separate and distinct from the process by which any Distributable Cash is set aside from distribution for the purposes of funding potential income tax liabilities. Any such potential income tax liabilities are generally estimated on a more conservative (i.e., more inclusive) basis and may include amounts of potential income tax liabilities beyond the amounts that are permitted to be recorded under applicable accounting standards. For a more complete description of the process of setting aside Distributable Cash to fund projected costs and potential income tax liabilities of the GUC Trust, see “Net Assets in Liquidation—Distributable Cash Set Aside from Distribution” below.

The GUC Trust recognizes the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authority, based on the technical merits of the position, review of available evidence and consultation with GUC Trust professionals. The GUC Trust’s tax liability with respect to its federal income tax returns for the year ended March 31, 2018 and all prior years are no longer subject to examination as a result of the application of Section 505(b) of the Bankruptcy Code. However, the amounts shown in the schedule below, which include capital loss carryovers as of March 31, 2019, along with net operating loss carryovers generated through March 31, 2019, could be subject to examination by the IRS in subsequent years if those losses are utilized. It is not expected that such losses will be utilized (on a net basis) in the future, except potentially with respect to any receipt and subsequent distribution or sale by the GUC Trust of Additional Shares referred to above (if the fair market value of the Additional Shares on the date of distribution or sale is greater than the fair market value of such shares on the date of receipt), which is not determinable or estimable at this time. As of June 30, 2019, there are no known items which would result in a significant accrual for uncertain tax positions. On June 28, 2019, the GUC Trust filed its U.S. federal income tax return for the year ended March 31, 2019 with the IRS and requested prompt determination of tax liability pursuant to Section 505(b) of the Bankruptcy Code that same day. As of the date of this Quarterly Report on Form 10-Q, the GUC Trust has not received notification from the IRS whether or not its income tax return for the year ended March 31, 2019 has been selected for examination.

As of March 31, 2019, the GUC Trust had capital loss carryovers and net operating loss carryovers (or together, the Loss Carryovers) for which the GUC Trust had not taken a deduction in the amounts set forth below, scheduled by the year the losses were incurred, net of losses utilized in subsequent years to offset net taxable income or gains. These amounts reflect the Loss Carryovers shown on the federal income tax returns filed by the GUC Trust, which have not been examined by the IRS, as follows (in thousands):

Taxable Year Ended	Net Operating Loss Carryovers	Capital Loss Carryovers
March 31, 2012	\$ 37,830	\$ 158,137
March 31, 2013	32,128	22,635
March 31, 2014	14,322	—
March 31, 2015	1,761	1,674
March 31, 2016	15,276	—
March 31, 2017	27,596	—
March 31, 2018	10,360	—
March 31, 2019	—	—
Total	\$ 139,273	\$ 182,446

As of the quarter ended September 30, 2015, the GUC Trust had disposed of all of its capital assets. Accordingly, the GUC Trust does not expect to recognize any additional capital gains or losses going forward, except potentially with respect to any receipt and subsequent distribution or sale by the GUC Trust of Additional Shares referred to above (if the fair market value of the Additional Shares on the date of distribution or sale differs from the fair market value of such shares on the date of receipt), which is not determinable or estimable at this time. In general, capital losses may be carried forward by corporations for five years after such losses were incurred (or the Five Year Rule) and may be carried forward indefinitely by non-corporate persons. The capital loss carryovers of \$158.1 million and \$22.6 million attributable to the years ended March 31, 2012 and 2013, respectively, are no longer available for utilization by the GUC Trust under the Five Year Rule. Net operating losses generally may be carried forward for 20 years after such losses are incurred; although, pursuant to the enactment of the “Tax Cuts and Jobs Act” in December 2017, any net operating losses generated in tax years beginning after December 31, 2017, may be carried over indefinitely. The net operating loss carryover attributable to the year ended March 31, 2012 was reduced by approximately \$0.2 million, as a result of the utilization of a portion of the carryover to offset the net taxable income recognized in the year ended March 31, 2019.

Loss Succession Rule

Under Treasury Regulations Section 1.468B-9(c)(6) (or the Loss Succession Rule), upon termination of the GUC Trust, each GUC Trust Claimant (as defined below pursuant to tax regulations) is entitled to succeed to and take into account a portion of any unused (vs. unexpired) Loss Carryovers of the GUC Trust. The Loss Succession Rule provides that, in order to determine the portion of such Loss Carryovers to which each Claimant will succeed, such Loss Carryovers must be allocated among GUC Trust Claimants in proportion to the value of the GUC Trust assets distributable to each such Claimant. For purposes of the rules that govern Disputed Ownership Funds, a claimant (or a Claimant) is defined as a person who claims ownership of, in whole or in part, property immediately before and immediately after such property is transferred to a Disputed Ownership Fund. Accordingly, under the Loss Succession Rule, a person is generally eligible to succeed to the GUC Trust’s Loss Carryovers if the person (i) receives a distribution of GUC Trust assets upon the GUC Trust’s termination and (ii) qualifies as a Claimant with respect to the GUC Trust.

The mechanics of the Loss Succession Rule, as applied to the GUC Trust and the holders of GUC Trust Units, are unclear in several respects. The following discussion describes one possible interpretation of the rules. However, it is possible that the IRS will take a position that differs from that described below. As previously disclosed, the GUC Trust had initiated preliminary discussions with the IRS regarding the Loss Succession Rule, but, at this time, those discussions are not being pursued. Holders of GUC Trust Units should consult their own tax advisors about the application of the Loss Succession Rule upon the termination of the GUC Trust in light of their particular circumstances.

Termination of the GUC Trust

It is generally expected that all holders of GUC Trust Units on the final distribution date will receive a distribution of Excess GUC Trust Distributable Assets. The rules that govern Disputed Ownership Funds do not address when a Disputed Ownership Fund is considered to terminate for purposes of the Loss Succession Rule. One possible interpretation of the Loss Succession Rule is that the GUC Trust will be considered to terminate when the GUC Trust distributes all of its remaining assets to the holders of GUC Trust Units (i.e., on the final distribution date). Under this interpretation, all holders of GUC Trust Units would be considered to receive a distribution of GUC Trust assets upon the termination of the GUC Trust. At this time, the GUC Trust is not able to predict with any certainty when a final distribution may occur or when the GUC Trust will be terminated.

Allocation of Loss Carryovers

The rules that govern Disputed Ownership Funds do not address how the Loss Succession Rule should apply when Claimants are permitted to transfer their interests in a Disputed Ownership Fund. Because the GUC Trust Units are transferrable, it is not possible for the GUC Trust to determine which holders of GUC Trust Units may constitute Claimants for purposes of the Loss Succession Rule at any given time. Accordingly, upon its termination, the GUC Trust will not be in a position to provide an allocation of the GUC Trust’s Loss Carryovers among GUC Trust Claimants and/or holders of GUC Trust Units. As of June 30, 2019, there were 31,855,504 GUC Trust Units outstanding or issuable and \$31.9 billion of Allowed General Unsecured Claims.

In addition, because the GUC Trust computes its taxable income in the same manner as a corporation, it is unclear whether, and if so, to what extent, the Five Year Rule might affect the amount of unused capital loss carryovers to which GUC Trust Claimants may succeed under the Loss Succession Rule.

Use of Estimates

The preparation of financial statements on a liquidation basis in conformity with U.S. GAAP requires the use of estimates and assumptions that affect reported amounts of assets and liabilities. These estimates are subject to known and unknown risks, uncertainties and other factors that could materially impact the amounts reported and disclosed in the financial statements and related footnotes. Significant estimates include the anticipated amounts and timing of future cash flows and estimated yields on investments in marketable securities for estimated investment income expected to be received, expected liquidation costs, and the fair value of marketable securities. Actual results could materially differ from those estimates.

Statement of Changes in Net Assets in Liquidation

During the three months ended June 30, 2019, net assets in liquidation decreased by approximately \$11.7 million, from approximately \$494.5 million to approximately \$482.8 million, principally as a result of a net reversal of accrued investment income of \$15.7 million, partly offset by reductions of \$4.0 million in the reserves for expected costs of liquidation. As described in Note 3 (“Net Assets in Liquidation”) to the financial statements, the net reversal of accrued investment income is primarily associated with a reduction in accrued investment income resulting from a change in forecasted cash outflows with respect to the expected date to make distributions in respect of GUC Trust Units during the quarter ended June 30, 2019. Such change resulted from a shortening in the expected date to make such distributions. As described in “Liquidation and Administrative Costs” below, the decrease in the reserves for expected costs of liquidation of \$4.0 million is primarily associated with a reduction in the estimated length of the remaining liquidation period.

There was no income tax provision or benefit during the three months ended June 30, 2019, as a result of cumulative net operating and capital losses and the establishment of a full valuation allowance against net deferred tax assets as of the beginning and end of such periods. As a result of the liquidation of all of the GUC Trust’s holdings of New GM Securities, it has been determined that the deferred tax assets are not realizable at this time. See “Functions and Responsibilities of the GUC Trust—Income Tax Liabilities for Certain Capital Gains, Investment Income and Dividends on New GM Common Stock” above and Note 7 (“Income Taxes”) to the financial statements.

Liquidation and Administrative Costs

As discussed above under “Critical Accounting Policies and Estimates,” under the liquidation basis of accounting, the GUC Trust was required upon its establishment to record reserves in respect of its expected costs associated with implementing the Plan and distributing the GUC Trust’s distributable assets. These costs consist principally of professional fees, governance costs and other liquidation and administrative costs.

Under U.S. GAAP, these reserves may be established only to the extent there is a reasonable basis for their estimation. From time to time, as additional costs are identified and for which there is reasonable basis for estimation, the GUC Trust records an increase to its reserves for expected costs of liquidation and charges such increase as an addition to reserves for expected costs of liquidation in the Statement of Changes in Net Assets in Liquidation. As costs are actually incurred by the GUC Trust, such costs reduce the previously recorded reserves for expected costs of liquidation by the amount of such incurred costs, with no further effect on the Statement of Changes in Net Assets in Liquidation.

The GUC Trust’s reserves for liquidation and administrative costs (recorded in conformity with U.S. GAAP) are allocable into the following categories:

- reserve for expected Wind-Down Costs, corresponding to expenditures to be made out of the Administrative Fund and, following the depletion of the Administrative Fund, Other Administrative Cash (see “Functions and Responsibilities of the GUC Trust—Funding for the GUC Trust’s Liquidation and Administrative Costs”);
- reserve for expected Reporting Costs, corresponding to expenditures to be made out of Other Administrative Cash (see “Functions and Responsibilities of the GUC Trust—Funding for the GUC Trust’s Liquidation and Administrative Costs”); and
- reserve for Indenture Trustee / Fiscal and Paying Agent Costs, corresponding to expenditures to be made out of the cash received by the GUC Trust from MLC on the Dissolution Date (see “Functions and Responsibilities of the GUC Trust—Other Assets Received from MLC on the Dissolution Date”).

In addition, the GUC Trust maintains reserves for Residual Wind-Down Claims and Costs, corresponding to expenditures to be made out of Residual Wind-Down Assets and, following the depletion of such assets, Other Administrative Cash (see “Functions and Responsibilities of the GUC Trust—Residual Wind-Down Claims and Costs”).

As described in greater detail under “Functions and Responsibilities of the GUC Trust” above and “Liquidity and Capital Resources” below, unused portions of certain of the assets associated with the foregoing reserves are required to be returned to the DIP Lenders upon the winding up and dissolution of the GUC Trust. Therefore, such assets are not available to fund costs of

liquidation and administration or any income tax liabilities of the GUC Trust, and are also not available for distribution to the holders of Allowed General Unsecured Claims or GUC Trust Units. See “Functions and Responsibilities of the GUC Trust—Funding for the GUC Trust’s Liquidation and Administrative Costs,” “Functions and Responsibilities of the GUC Trust—Residual Wind-Down Claims” and “Functions and Responsibilities of the GUC Trust—Other Assets Received from MLC on the Dissolution Date.”

As of June 30, 2019, the GUC Trust had approximately \$31.0 million in reserves for liquidation and administrative costs that are estimated to be incurred through the winding up and conclusion of the GUC Trust, compared to approximately \$37.5 million in reserves as of March 31, 2019. The following table summarizes in greater detail the changes in such reserves during the three months ended June 30, 2019:

(in thousands)	Three months ended June 30, 2019			
	Reserve for Expected Wind-Down Costs	Reserve for Expected Reporting Costs	Reserve for Indenture Trustee/Fiscal and Paying Agent Costs	Total Reserves for Expected Costs of Liquidation

Balance, June 30, 2019	\$ 19,221	\$ 11,714	\$ 102	\$ 31,037

Reserves for expected costs of liquidation were reduced by approximately \$4.0 million during the three months ended June 30, 2019, in order to reflect decreases in expected Wind-Down Costs of \$2.8 million and expected Reporting Costs of \$1.2 million. The decreases in expected Wind-Down Costs and Reporting Costs during the three months ended June 30, 2019 are primarily associated with a reduction in the estimated length of the remaining liquidation period. In comparison, reserves were reduced by approximately \$4.5 million during the three months ended June 30, 2018, in order to reflect decreases in expected Wind-Down Costs of \$2.4 million and expected Reporting Costs of \$2.1 million. The decreases in expected Wind-Down Costs and expected Reporting Costs were primarily associated with a reduction in the estimated length of the remaining liquidation period.

Reserves for expected costs of liquidation were reduced by the amount of liquidation and administrative costs incurred during the three months ended June 30, 2019. Trust professional costs incurred during the three months ended June 30, 2019 were approximately \$1.3 million, as compared to approximately \$1.9 million for the three months ended June 30, 2018. The decrease of \$0.6 million from three-month period to period is due to a decrease in Wind-Down Costs charged to the reserve. Trust Governance Costs incurred were approximately \$1.1 million during the three months ended June 30, 2019, as compared to approximately \$1.3 million for the three months ended June 30, 2018. The decrease of \$0.2 million from three-month period to period is due to a decrease in Wind-Down Costs charged to the reserve. Other administrative costs during the three months ended June 30, 2019 were approximately \$94,000, as compared to approximately \$95,000 for the three months ended June 30, 2018. For additional information regarding the components of each category of costs, see “Functions and Responsibilities of the GUC Trust—Funding for the GUC Trust’s Liquidation and Administrative Costs,” “Functions and Responsibilities of the GUC Trust—Residual Wind-Down Claims” and “Functions and Responsibilities of the GUC Trust—Other Assets Received from MLC Trust on the Dissolution Date.”

The foregoing reserves represent future costs of the GUC Trust for which there is a reasonable basis for estimation as of June 30, 2019, and, therefore, are recorded under the liquidation basis of accounting in accordance with U.S. GAAP. Additional costs may be incurred for which there was not a reasonable basis for estimation as of June 30, 2019. In particular, as of June 30, 2019, the recorded reserves for expected costs of liquidation reflect estimated costs for a remaining liquidation period estimated to extend, at a minimum, through January 2022, which date is dependent predominantly on the estimate of the remaining period of time for resolution of litigation involving certain General Motors vehicle recalls described in Part II, Item 1 (“Legal Proceedings”). Because of uncertainties associated with resolution of the General Motors vehicle recall litigation, a reasonable basis for estimation with respect to certain outcomes does not exist. As a result, the GUC Trust’s estimate of the remaining period of time for resolution represents the minimum remaining length of time estimated to be likely for resolution of the litigation. In addition, certain additional estimated time to wind down the GUC Trust following resolution of the litigation is included in the estimated liquidation period. This minimum end date of the remaining liquidation period has been estimated predominantly on a modified probability-weighted basis as permitted under U.S. GAAP and which the GUC Trust believes is the most appropriate measurement basis under the circumstances. Where an outcome is estimated to be likely, the likely outcome has been used as the best estimate and no weight has been given to the unlikely outcome. In addition, consistent with the liquidation basis of accounting, no consideration has been given to potential outcomes to the extent there does not exist a reasonable basis for estimation. Additionally, certain liquidation costs that are expected to be prepaid by the GUC Trust upon its dissolution have also been estimated and accrued. Future developments in the General Motors vehicle recall litigation could extend the current estimate of the minimum remaining period of time for resolution and, therefore, extend the estimated minimum remaining liquidation period of the GUC Trust beyond January 2022.

In addition, as described in Part II, Item 1 (“Legal Proceedings”), noticing costs of up to \$13.72 million will be paid under the Revised Settlement Agreement if approved by the Bankruptcy Court. At this time, a reasonable basis for estimation does not exist as to whether such noticing costs will be incurred. Accordingly, as of June 30, 2019, no accrual for such potential noticing costs has been recorded. Also, certain holders of a majority of GUC Trust Units have asserted a claim for reimbursement of legal fees of approximately \$10.0 million incurred in connection with monitoring the actions of the GUC Trust. At this time, a reasonable basis for estimation does not exist as to whether any such reimbursement will be made. Accordingly, as of June 30, 2019, no accrual for such claim has been recorded.

If the funds available for each of the foregoing categories of costs are not sufficient to satisfy any of the costs in that category, the GUC Trust will be required to appropriate a portion of Distributable Cash in order to meet its additional obligations for those costs. Any such appropriation will result in a lesser amount of Distributable Cash available for distribution to holders of GUC Trust Units.

The process of recognizing reserves for expected costs of liquidation as a matter of financial reporting is separate and distinct from the process by which Distributable Cash is set aside from distribution for the purposes of funding projected costs of liquidation, which are generally estimated on a more conservative (i.e., more inclusive) basis and include contingencies that are not permitted to be recognized under applicable accounting standards. As described in further detail below, certain amounts of Distributable Cash have already been set aside from distribution for the purposes of meeting such potential additional obligations. However, the amounts set aside from distribution are neither reflected in nor a part of the financial statements included elsewhere in this Quarterly Report on Form 10-Q because the process of setting aside such assets is not related to the process of recording, as a matter of financial reporting in the Statement of Net Assets in Liquidation, reserves for expected costs of liquidation or any current and deferred income tax liabilities. See “Critical Accounting Policies and Estimates—Income Taxes” and “Critical Accounting Policies and Estimates—Reserves for Expected Costs of Liquidation” above and “Net Assets in Liquidation—Distributable Cash Set Aside from Distribution” below.

For additional information regarding the reserves described above, see Note 2 (“Plan of Liquidation”) and Note 6 (“Reserves for Expected Costs of Liquidation and Residual Wind-Down Claims and Costs”) to the financial statements.

Net Assets in Liquidation

Disputed Claims

The following table presents a summary of the activity in Allowed General Unsecured Claims and remaining Disputed General Unsecured Claims and Term Loan Avoidance Action Claims for the three months ended June 30, 2019:

(in thousands)	Allowed General Unsecured Claims	Disputed General Unsecured Claims (1)	Term Loan Avoidance Action Claims	Maximum Amount of Unresolved Claims (2)	Total Claim Amount (3)
Total, March 31, 2019	\$31,855,432	\$ 50,000	\$1,494,843	\$1,544,843	\$33,400,275
New Allowed General Unsecured Claims	—	—	—	—	—
Disputed General Unsecured Claims resolved or disallowed	—	—	—	—	—
Term Loan Avoidance Action Claims resolved or disallowed	—	—	—	—	—
Total, June 30, 2019	<u>\$31,855,432</u>	<u>\$ 50,000</u>	<u>\$1,494,843</u>	<u>\$1,544,843</u>	<u>\$33,400,275</u>

- (1) Remaining Disputed General Unsecured Claims represent a general claim contingency for any future disputed claims or other obligations of the GUC Trust. The GUC Trust has set aside from distribution an aggregate of \$14.8 million for this general claim contingency (i.e., \$296 in Distributable Cash per \$1,000 of Allowed General Unsecured Claims, as provided in the Plan). Subsequent to June 30, 2019, the GUC Trust released such general claim contingency.
- (2) Maximum Amount of Unresolved Claims represents the sum of remaining Disputed General Unsecured Claims and Term Loan Avoidance Action Claims.
- (3) Total Claim Amount represents the sum of Allowed General Unsecured Claims and Maximum Amount of Unresolved Claims.

As described above in Functions and Responsibilities of the GUC Trust—Term Loan Avoidance Action” and in Part II, Item 1 (“Legal Proceedings”) below, the parties to the Term Loan Avoidance Action executed a settlement agreement providing for recoveries to the Avoidance Action Trust of approximately \$231.0 million, among other provisions. Such settlement agreement was approved by the Bankruptcy Court and recoveries of approximately \$231.0 million were received by the Avoidance Action Trust on July 1, 2019. As a result, on July 1, 2019, Resolved Term Loan Avoidance Action arose in a corresponding amount and the holders became entitled to receive distributions from the GUC Trust aggregating approximately \$68.5 million. Such Resolved Term Loan Avoidance Action Claims and distributions payable were recorded subsequent to June 30, 2019 when such claims were allowed.

As described in Part II, Item 1 (“Legal Proceedings”), during December 2016, certain plaintiffs filed motions with the Bankruptcy Court seeking authority to file late proofs of claim against the GUC Trust. Were any late proofs of claim to be filed (following receipt of authority to do so from the Bankruptcy Court), additional general unsecured claims could arise. Also as described in Part II, Item 1 (“Legal Proceedings”), the GUC Trust has executed the Revised Settlement Agreement with such plaintiffs. If approved by the Bankruptcy Court, the Revised Settlement Agreement would provide for the payment of noticing costs of up to \$13.72 million. No further payments by the GUC Trust under the Revised Settlement Agreement would be required.

Distributable Assets

The table below summarizes the activity in New GM Securities prior to their liquidation and Distributable Cash that comprises the GUC Trust’s distributable assets, including the numbers of New GM Securities and amount of Distributable Cash previously distributed, as well as the amount of Distributable Cash available for distribution to holders of GUC Trust Units as of June 30, 2019 (in thousands):

	New GM Common Stock	New GM Series A Warrants	New GM Series B Warrants	Distributable Cash (including Dividend Cash)
Distributable Assets as of Effective Date (March 31, 2011)	150,000	136,364	136,364	\$ —

Less: Amounts set aside from distribution to fund projected GUC Trust costs				<u>(12,368)</u>
Distributable Assets as of June 30, 2019 (3)				<u>\$ 457,917</u>

- (1) The numbers of New GM Securities and the amount of Distributable Cash shown as distributed include sales for (a) cash distributions to governmental entities to the extent such governmental entities requested such sales and demonstrated to the satisfaction of the GUC Trust Administrator that such governmental entities were precluded by applicable law from receiving distributions of New GM Securities and (b) fractional amounts of New GM Securities, in lieu of which the GUC Trust was required pursuant to the GUC Trust Agreement to distribute cash, subject to certain minimum thresholds.
- (2) Distributions Payable includes amounts payable in respect of Allowed General Unsecured Claims that were allowed in prior fiscal periods, but for which the holders of such claims had not yet supplied information required by the GUC Trust in order to effect the distribution to which they are entitled.
- (3) Distributable Assets reflects the amounts of Distributable Cash and Dividend Cash shown as “GUC Trust Distributable Assets” on the report included as Exhibit 99.1 to the Current Report on Form 8-K filed by the GUC Trust with the SEC on July 30, 2019. Such Distributable Cash and associated Dividend Cash have been set aside for potential distribution in respect of remaining Disputed General Unsecured Claims and Term Loan Avoidance Action Claims as of June 30, 2019. Because of the aforementioned settlement of the Term Loan Avoidance Action and the subsequent allowance of Term Loan Avoidance Action Claims aggregating \$231.0 million on July 1, 2019, the set aside for potential distribution with respect to Term Loan Avoidance Action Claims was reduced by approximately \$1,263.8 million subsequent to June 30, 2019. In addition, subsequent to June 30, 2019, the GUC Trust released its general claim contingency that comprised the remaining Disputed General Unsecured Claims of \$50.0 million. Accordingly, subsequent to June 30, 2019, additional Distributable Cash and associated Dividend Cash became available for distribution to holders of GUC Trust Units in future periods. The amount of Distributable Cash and associated Dividend Cash set out above as “Distributable Assets” does not directly relate to Net Assets in Liquidation or any other number appearing in the GUC Trust’s financial statements prepared in accordance with U.S. GAAP.

As described above under the heading “Disputed Claims,” as of June 30, 2019, there were approximately \$31,855 million in Allowed General Unsecured Claims. In respect of such claims, the GUC Trust had previously distributed in the aggregate 137,298,736 shares of New GM Common Stock, 124,817,263 New GM Series A Warrants and 124,817,263 New GM Series B Warrants and \$246.2 million of Distributable Cash. In addition, the GUC Trust was obligated to distribute as of June 30, 2019, \$1.8 million of Distributable Cash.

As described in “Functions and Responsibilities of the GUC Trust—Funding for the GUC Trust’s Liquidation and Administrative Costs” above, the GUC Trust has filed a motion seeking authority from the Bankruptcy Court to appropriate Distributable Cash of \$13.72 million for noticing costs under the Revised Settlement Agreement. Reference is made to Part II, Item 1 (“Legal Proceedings”) for further information regarding such motion.

Distributable Cash Set Aside from Distribution

Overview of Distributable Cash Set Aside from Distribution

In addition to distributions of Distributable Cash, which are reflected as reductions to the GUC Trust net assets in its financial statements, the GUC Trust also, from time to time, sets aside Distributable Cash for potential future appropriation to fund projected liquidation and administrative costs, as well as any potential income tax liabilities, including Dividend Taxes, Investment Income Taxes and Taxes on Distribution. Distributable Cash that is set aside from distribution by the GUC Trust is not deducted from the net assets in liquidation of the GUC Trust in its financial statements unless and until such set aside Distributable Cash is appropriated and expended. Distributable Cash set aside from distribution is segregated by the GUC Trust for such specific purposes and is not available for distribution to holders of GUC Trust Units or other claimants unless and to the extent that the GUC Trust later determines that the set aside Distributable Cash is no longer needed to fund those specific purposes.

This process is not related to, and is separate from, the process of recording any current and deferred income tax liabilities and reserves for expected costs of liquidation in the Statement of Net Assets in Liquidation, as a matter of financial reporting. As a matter of financial reporting, income tax liabilities and reserves for expected costs of liquidation must be determined in accordance with generally accepted accounting principles applicable to the GUC Trust. By contrast, the estimates of projected costs and potential liabilities for which the GUC Trust may set aside Distributable Cash are generally made on a more conservative (i.e., more inclusive) basis and include contingencies that are not permitted to be recognized under applicable accounting standards. See “Critical Accounting Policies and Estimates—Reserves for Expected Costs of Liquidation” above.

As of June 30, 2019, the distributable assets of the GUC Trust available for distribution to holders of GUC Trust Units consisted of Distributable Cash of approximately \$457.9 million (including Dividend Cash), after deducting the amounts of Distributable Cash (including Dividend Cash) (i) set aside from distribution to fund additional projected liquidation and administrative costs of the GUC Trust (as described below under the heading “Set Aside Calculations Relating to Projected Liquidation and Administrative Costs, Including Dividend Taxes and Investment Income Taxes”) and (ii) set aside for distributions payable in respect of Allowed General Unsecured Claims that were allowed in prior fiscal periods, but for which the holders of such claims had not yet supplied information required by the GUC Trust in order to effect the distributions to which they are entitled. As of June 30, 2019, such Distributable Cash has been set aside for potential distribution in respect of remaining Disputed General Unsecured Claims and Term Loan Avoidance Action Claims. As a result of the aforementioned settlement of the Term Loan Avoidance Action and the subsequent allowance of Term Loan Avoidance Action Claims aggregating \$231.0 million on July 1, 2019, the set aside for potential distribution with respect to Term Loan Avoidance Action Claims was reduced by approximately \$1,263.8 million subsequent to June 30, 2019. In addition, subsequent to June 30, 2019, the GUC Trust released its general claim contingency that comprised the remaining Disputed General Unsecured Claims of \$50.0 million. Accordingly, subsequent to June 30, 2019, additional Distributable Cash and associated Dividend Cash became available for distribution to holders of GUC Trust Units in future periods. As described in Note 4 (“Liquidating Distributions”) to the financial statements, the GUC Trust expects to record distributions payable in respect of GUC Trust Units aggregating \$320.9 million in the three months ending September 30, 2019. See Part II, Item 1 (“Legal Proceedings”) for a description of proceedings with respect to payment of such distribution.

Prior to the liquidation of all the GUC Trust’s holdings of New GM Securities in July and August 2015, New GM Securities were set aside to fund projected liquidation and administrative costs and potential income tax liabilities as described below.

Set Aside Calculations Relating to Projected Liquidation and Administrative Costs, Including Dividend Taxes and Investment Income Taxes

The GUC Trust Administrator reevaluates, on a quarterly basis, the amount of Distributable Cash (including Dividend Cash) needed to be set aside from distribution for purposes of funding projected liquidation and administrative costs, including any Dividend Taxes and Investment Income Taxes. This determination is made on a basis different than that used to calculate reserves for financial statement purposes. Under the current methodology, the amount to be set aside is equal to the estimates of unfunded projected

liquidation and administrative costs (including any Dividend Taxes and Investment Income Taxes). Beginning in the current quarter, such estimates of unfunded projected liquidation and administrative costs reflect projected costs over a longer estimated remaining life of the GUC Trust associated with resolution of the GM product recall litigation described in Part II, Item 1 (“Legal Proceedings”) than in previous quarters. Such longer estimated remaining life of the GUC Trust for purposes of the set aside calculations assumes that such litigation will not be resolved for an extended period of time resulting in an extension in the estimated remaining life of the Trust (for set aside purposes) through April 2026.

Prior to the liquidation of all of the GUC Trust’s holdings of New GM Securities, estimates of unfunded projected liquidation and administrative costs (including any Dividend Taxes and Investment Income Taxes) were converted into the number of New GM Securities to be set aside from distribution by dividing such estimates by the trailing twelve-month average closing prices for the New GM Securities. A corresponding amount of Dividend Cash associated with the set-aside New GM Securities was also set aside from distribution.

For the quarter ended June 30, 2019, as a result of the standard quarterly reevaluations described above and including an extension in the estimated remaining life of the GUC Trust for set aside purposes described above, the estimates of unfunded projected liquidation and administrative costs (including any Dividend Taxes and Investment Income Taxes) was increased by \$55.3 million to \$80.9 million. Such increase was primarily related to the extension in the estimated remaining life of the GUC Trust for set aside purposes described above. However, due to limitations on the amount of Distributable Cash available to be set aside for such purposes, the amount set aside was reduced to \$12.4 million. Accordingly, as of June 30, 2019, the GUC Trust had set aside from distribution Distributable Cash of \$12.4 million for the purposes of funding future projected liquidation and administrative costs of the GUC Trust. Because of a fixed amount of Distributable Cash administered by the GUC Trust, as well as the requirement to also set aside a sufficient amount of Distributable Cash to satisfy all potential Allowed General Unsecured Claims (including Term Loan Avoidance Action Claims), the amount of Distributable Cash available to be set aside to fund projected liquidation costs and other potential obligations is subject to inherent limitations. As a result of the aforementioned settlement of Term Loan Avoidance Action Claims and their subsequent allowance as Resolved Term Loan Avoidance Action Claims on July 1, 2019, the set aside for potential distribution with respect to Term Loan Avoidance Action Claims was reduced by approximately \$1,263.8 million subsequent to June 30, 2019. In addition, as described above, subsequent to June 30, 2019, the GUC Trust released its general claim contingency that comprised the remaining Disputed General Unsecured Claims of \$50.0 million. Accordingly, subsequent to June 30, 2019, such limitation on the set aside existing as of June 30, 2019 will no longer exist and it is expected that the set aside will be increased subsequent to June 30, 2019 to fully fund the future liquidation and administrative costs projected as of June 30, 2019.

Set Aside Calculations Relating to Potential Taxes on Distribution

In addition to reevaluating the amount of Distributable Cash (including Dividend Cash) to be set aside from distribution to fund projected liquidation and administrative costs, including any Dividend Taxes and Investment Income Taxes, the GUC Trust Administrator also reevaluates, on a quarterly basis, the amount of Distributable Cash needed to be set aside from distribution to fund potential Taxes on Distribution. The current methodology for calculating such set aside estimates potential Taxes on Distribution by applying the applicable U.S. federal income tax rate to net realized capital gains that are still subject to examination by the IRS, less current period tax deductible expenses and future tax deductible expenses. Such realized capital gains are computed using a tax basis for the New GM Securities based on the date of transfer of record ownership of the New GM Securities to the GUC Trust from MLC on December 15, 2011, and the tax basis of the New GM Common Stock received for the exercise of the New GM Warrants pursuant to the Liquidation Order. However, as a result of the application of Section 505(b) of the Bankruptcy Code, the GUC Trust’s federal income tax returns for the year ended March 31, 2018 and all prior years are no longer subject to examination, and no income taxes may be assessed for the year ended March 31, 2018 or any prior year. In addition, while the GUC Trust’s remaining capital losses (based on the tax basis of previously held New GM Securities for financial reporting purposes) and net operating losses are still subject to examination by the IRS in subsequent years if those losses are utilized, such utilization (on a net basis) is not expected as a result of the sale of all New GM Securities in the year ended March 31, 2016, except potentially with respect to any receipt and subsequent distribution or sale of Additional Shares (if the fair market value of the Additional Shares on the date of distribution or sale is greater than the fair market value of such shares on the date of receipt), which is not determinable or estimable at this time. Accordingly, no income taxes are expected to be paid in the future, except potentially with respect to any Taxes on Distribution resulting from the receipt and subsequent distribution or sale by the GUC Trust of Additional Shares, which is not determinable or estimable at this time. However, if any Taxes on Distribution resulting from the receipt and subsequent distribution or sale of Additional Shares were to become payable, it is anticipated that such income taxes would be funded from the sale of a portion of such Additional Shares. As a result, beginning with the quarter ended September 30, 2016 and as of June 30, 2019, the GUC Trust Administrator determined that no Distributable Cash should be set aside for potential Taxes on Distribution (or Dividend Taxes and Investment Income Taxes) at this time.

The GUC Trust’s calculation of the amount of any Distributable Cash needed to be set aside from distribution to fund such potential Taxes on Distribution was made using a different methodology than that used to calculate any current and deferred taxes for financial statement purposes. As described above, in estimating potential Taxes on Distribution, the current set aside methodology calculates realized capital gains using the tax basis of the New GM Securities on December 15, 2011 with respect to any tax return years that are still subject to examination. By contrast, in calculating any current and deferred taxes for purposes of financial reporting under applicable U.S. GAAP, the GUC Trust calculates realized capital gains using the tax basis of the New GM Securities for financial reporting purposes, which is based on the date of transfer of beneficial ownership of the New GM Securities to the GUC Trust from MLC (which occurred on March 31, 2011 for a substantial majority of the previously held New GM Securities).

It is the view of the GUC Trust Administrator, after consultation with the GUC Trust Monitor and other professionals retained by the GUC Trust, that the calculation methodologies described above, on the basis of which Distributable Cash (including Dividend Cash) is set aside from distribution, generally estimate the projected liquidation and administrative costs and potential liabilities of the GUC Trust on a conservative basis. In addition, while there is an insufficiency in the amount of the set aside as of June 30, 2019 as a result of the limitation described above, such limitation associated with Term Loan Avoidance Action Claims and Disputed General Unsecured Claims will no longer exist subsequent to June 30, 2019 as described above. Accordingly, it is expected that the set aside will be increased subsequent to June 30, 2019 to fully fund the future liquidation and administrative costs projected as of June 30, 2019. However, there can be no assurance that the amount of Distributable Cash set aside will be sufficient to fund such costs and liabilities as they are actually incurred. In addition, there can be no assurance that, as a result of future evaluations, additional Distributable Cash will not need to be set aside or appropriated to fund additional costs and liabilities, beyond those that are currently included in the GUC Trust’s estimates, in particular as a result of changes in the GUC Trust’s estimates of projected costs and potential liabilities. See “Liquidity and Capital Resources” below.

GUC Trust Units

The table below details the changes in the numbers of GUC Trust Units outstanding or issuable during the three months ended June 30, 2019:

	<u>Trust Units</u>
Outstanding or issuable as of March 31, 2019	31,855,504
Issued during the period	—
Less: Issuable as of beginning of period	—
Add: Issuable as of end of period (1)	—
Outstanding or issuable as of June 30, 2019 (2) (3)	<u>31,855,504</u>

- (1) The number of GUC Trust Units issuable at any time represents GUC Trust Units issuable in respect of Allowed General Unsecured Claims that were newly allowed during the fiscal quarter.
- (2) The number of GUC Trust Units outstanding at any time represents GUC Trust Units issued in respect of Allowed General Unsecured Claims that were allowed in prior periods, including GUC Trust Units held by the GUC Trust for the benefit of (a) holders of Allowed General Unsecured Claims who had not yet supplied information required by the GUC Trust in order to effect the initial distribution to which they are entitled and (b) governmental entities that are precluded by applicable law from receiving distributions of GUC Trust Units and New GM Securities.
- (3) The number of GUC Trust Units outstanding or issuable as of the end of the quarter does not equal the amount of Allowed General Unsecured Claims on a 1 to 1,000 basis at the corresponding date because of additional GUC Trust Units that were issued due to rounding.

Liquidity and Capital Resources

The GUC Trust’s sources of liquidity are principally the funds it holds for the payment of liquidation and administrative costs, and to a significantly lesser degree, the earnings on such funds invested by it. In addition, as a result of the liquidation of all the GUC Trust’s holdings of New GM Securities during the quarter ended September 30, 2015, the GUC Trust holds Distributable Cash for distribution to GUC Trust beneficiaries. The GUC Trust holds such funds primarily in U.S. Treasury bills, as permitted by the Plan and the GUC Trust Agreement.

During the three months ended June 30, 2019, the GUC Trust’s holdings of cash and cash equivalents increased slightly from the prior quarter end with the balance remaining at approximately \$1.8 million. Interest income received on marketable securities of \$3.1 million was offset by cash paid for liquidation and administrative costs of \$3.0 million and investments in marketable securities in excess of cash from the sale of marketable securities of \$0.1 million.

During the three months ended June 30, 2019, the funds invested by the GUC Trust in marketable securities increased approximately \$0.1 million, from approximately \$503.2 million to approximately \$503.3 million. The GUC Trust earned on the accrual basis approximately \$3.0 million in interest income on such investments during the period.

As of June 30, 2019, the GUC Trust held approximately \$505.2 million in cash and cash equivalents and marketable securities. Of such amount, approximately \$472.1 million relates to Distributable Cash (including Dividend Cash), a portion of which the GUC Trust Administrator is permitted to set aside from distribution and to appropriate with the approval of the Bankruptcy Court or Trust Monitor, as applicable, in order to fund additional costs as they become due. Included in Distributable Cash as of June 30, 2019, is approximately \$13.1 million of Dividend Cash. As described above, Dividend Cash will be distributed to holders of subsequently Resolved Allowed Claims and GUC Trust Units in respect of Distributable Cash that they receive, except to the extent such dividends are in respect of Distributable Cash that is appropriated by the GUC Trust in accordance with the GUC Trust Agreement to fund the GUC Trust's liquidation and administrative costs, any income tax liabilities or shortfalls in Residual Wind-Down Assets.

As of June 30, 2019, Distributable Cash (including Dividend Cash) held by the GUC Trust was set aside as follows: (a) \$1.8 million for liquidating distributions payable as of that date, and (b) \$12.4 million to fund projected liquidation and administrative costs. See "Net Assets in Liquidation—Distributable Assets" above.

In addition to Distributable Cash (including Dividend Cash), the GUC Trust held approximately \$33.1 million in cash and cash equivalents and marketable securities as of June 30, 2019, representing funds held for payment of costs of liquidation and administration and other liabilities. Of that amount, approximately \$1.5 million (comprising approximately \$0.2 million of the remaining Residual Wind-Down Assets, approximately \$1.2 million of the remaining Administrative Fund and approximately \$0.1 million in remaining funds designated for the Indenture Trustee / Fiscal and Paying Agent Costs) is required by the GUC Trust Agreement to be returned, upon the winding-up of the GUC Trust, to the DIP Lenders to the extent such funds are not utilized to satisfy designated Wind-Down Costs, Residual Wind-Down Claims and Costs and Indenture Trustee / Fiscal Paying Agent Costs. Cash and cash equivalents and marketable securities remaining in the Administrative Fund have been designated for the satisfaction of certain specifically identified costs and liabilities of the GUC Trust, and such amounts may not be used for the payment of GUC Trust professionals' fees and expenses or other Wind-Down Costs. Such amounts will not at any time be available for distribution to the holders of the GUC Trust Units. The balance of cash and cash equivalents and marketable securities of approximately \$31.6 million is available for the payment of certain reporting and administrative costs of the GUC Trust, and would be available in the future for distribution to the holders of the GUC Trust Units, if not otherwise used to satisfy those expected costs. See "Liquidation and Administrative Costs" above.

There is no assurance that additional amounts of Distributable Cash will not be required to be set aside from distribution and appropriated to fund additional costs and income tax liabilities, beyond what the GUC Trust Administrator has already set aside and expects to set aside subsequent to June 30, 2019 to fund the set aside deficiency as of June 30, 2019 described in "Net Assets in Liquidation—Distributable Cash Set Aside from Distribution" above. Any appropriation of Distributable Cash that occurs to fund such obligations will result in a lesser amount of Distributable Cash available for distribution to holders of GUC Trust Units. In addition, as described above under the headings "Functions and Responsibilities of the GUC Trust—Residual Wind-Down Claims and Costs" and "Functions and Responsibilities of the GUC Trust—Other Assets Received from MLC on the Dissolution Date," a portion of the GUC Trust's assets are currently segregated pursuant to the GUC Trust Agreement for the satisfaction of Residual Wind-Down Claims and certain other specified costs. If such assets are insufficient to satisfy the Residual Wind-Down Claims or fund such other specified costs for any reason, the GUC Trust Administrator will similarly be required to set aside from distribution and appropriate additional amounts of Distributable Cash in order to fund such shortfall.

Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements about the assets, financial condition and prospects of the GUC Trust. Actual results could differ materially from those indicated by the forward-looking statements because of various risks and uncertainties, including, without limitation, the Bankruptcy Court's ruling on the Revised Settlement Agreement (as defined below), if the Revised Settlement Agreement is not approved, the ultimate outcome of the Late Claims Motions (as defined below), the GUC Trust's incurrence of professional fees and other expenses in connection with administration of the GUC Trust, changes in tax and other governmental rules and regulations applicable to the GUC Trust, and other risks. Some of these risks and uncertainties are beyond the ability of the GUC Trust to control, and in many cases, risks and uncertainties that could cause actual results to differ materially from those indicated by the forward-looking statements cannot be predicted. These forward-looking statements should therefore be considered in light of various important factors, including those set forth in the GUC Trust's Annual Report on Form 10-K for the year ended March 31, 2019 and those set forth in this Quarterly Report on Form 10-Q. When used in this Quarterly Report on Form 10-Q, the words "believes," "estimates," "plans," "expects," "intends," and "anticipates" and similar expressions are intended to identify forward-looking statements.

Glossary

The capitalized terms used in this Quarterly Report on Form 10-Q but not otherwise defined shall have the respective meanings set forth below. For additional information on any of the matters relating to such terms, see the disclosure in the notes to the financial statements filed with this Quarterly Report on Form 10-Q and in the Current Report on Form 8-K filed by the GUC Trust with the SEC on June 12, 2012.

“2016 Threshold Issues” means the five issues that the Bankruptcy Court identified, by Order to Show Cause dated December 13, 2016, and directed the parties to address.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Disclosure under this item is not required, pursuant to the no-action letter of the SEC to the GUC Trust dated May 23, 2012.

Item 4. Controls and Procedures.

During the fiscal period covered by this report, the management of the GUC Trust, with the participation of the Administrative Vice President of the GUC Trust Administrator, completed an evaluation of the effectiveness of the design and operation of the GUC Trust’s disclosure controls and procedures (as defined in Rule 13a-15(e) of the Securities Exchange Act of 1934, as amended). Based on this evaluation, the GUC Trust’s management, including that Administrative Vice President of the GUC Trust Administrator, has concluded that, as of the end of the fiscal period covered by this report, the GUC Trust’s disclosure controls and procedures were effective. There were no material changes in the GUC Trust’s internal control over financial reporting during the fiscal period covered by this report.

PART II—OTHER INFORMATION

Item 1. Legal Proceedings.

Term Loan Avoidance Action

On July 31, 2009, the Committee, on behalf of the Debtors, commenced the Term Loan Avoidance Action. Among other things, the Term Loan Avoidance Action sought the return of approximately \$1.5 billion that had been transferred to a consortium of prepetition lenders (the “Secured Lenders”) pursuant to the terms of the order approving the DIP Credit Agreement on the theory that the prepetition filing of a particular UCC-3 termination statement had the effect of rendering such Secured Lenders’ previously perfected security interest in certain assets of the Debtors unperfected on the date of the Debtors’ bankruptcy filings.

On the Dissolution Date, the right to prosecute the Term Loan Avoidance Action was transferred to the Avoidance Action Trust. The Avoidance Action Trust was established under the Plan separate from the GUC Trust. The proper beneficiaries of the proceeds of the Term Loan Avoidance Action was a matter of dispute, with both the DIP Lenders and the Committee, on behalf of the holders of Allowed General Unsecured Claims, claiming sole rights to such proceeds. After years of litigation on such issue, on August 24, 2016, the Approval Order was entered by the Bankruptcy Court, pursuant to which, after the repayment by the Avoidance Action Trust of certain cash advances, any distributable proceeds were to be allocated and paid as follows: 70% to holders of Allowed General Unsecured Claims and 30% to the DIP Lenders. The Approval Order was affirmed by a Judgment of the District Court for the Southern District of New York on September 6, 2017. Beneficial interests in the Avoidance Action Trust remain with the DIP Lenders and the holders of Allowed General Unsecured Claims, rather than beneficiaries of GUC Trust Units. Any judgment obtained by the Avoidance Action Trust Administrator against the defendants in the Term Loan Avoidance Action causes the allowance of Term Loan Avoidance Action Claims in the amount actually collected from such defendants and in the name of such defendants. A holder of a GUC Trust Unit that does not hold a corresponding Allowed General Unsecured Claim will have its recovery diluted through the allowance of Term Loan Avoidance Action Claims by the GUC Trust, without receiving the benefit of any cash recovered pursuant to the Term Loan Avoidance Action.

As previously disclosed by the GUC Trust, including most recently in its Annual Report on Form 10-K filed on June 4, 2019, the Avoidance Action Trust, the GUC Trust, the defendants to the Term Loan Avoidance Action and Simpson Thacher & Bartlett LLP entered into the TLAA Settlement Agreement to resolve the Term Loan Avoidance Action. As previously disclosed in a Current Report on Form 8-K filed on June 17, 2019, the Bankruptcy Court approved the TLAA Settlement Agreement on June 13, 2019.

The TLAA Settlement Agreement provides for (among other things): (i) a payment on behalf of the Secured Lenders to the Avoidance Action Trust of approximately \$231.0 million (the “TLAA Settlement Payment”), (ii) filing by the Avoidance Action Trust of orders of dismissal with the applicable courts dismissing the claims of the Avoidance Action Trust with prejudice, and (iii) releases of claims related to the Term Loan Avoidance Action by the parties to the TLAA Settlement Agreement and certain other persons. An amount corresponding to the amount of the TLAA Settlement Payment is being asserted as a general unsecured claim against the GUC Trust, pursuant to the terms of the TLAA Settlement Agreement and the GUC Trust Agreement, and Section 502(h) of the Bankruptcy Code. Pursuant to the TLAA Settlement Agreement, immediately upon the Avoidance Action Trust’s receipt of the TLAA Settlement Payment from or on behalf of the Secured Lenders, the Secured Lenders became entitled to payments totaling approximately \$68.5 million from the GUC Trust in respect of such general unsecured claims; such payments will be made in accordance with the terms of the TLAA Settlement Agreement and the GUC Trust Agreement and are subject to the GUC Trust’s receipt of certain information from the Secured Lenders holding claims under Section 502(h) of the Bankruptcy Code.

The TLAA Settlement Payment was made on July 1, 2019. Thus an Allowed Unsecured Claim in the amount of approximately \$68.5 million arose on July 1, 2019. On July 8, 2019, the Avoidance Action Trust filed a motion seeking approval of its distribution plan in order to distribute the proceeds of the TLAA Settlement Payment. New GM and the Economic Loss Plaintiffs have objected to the distribution of any TLAA Settlement Payment, inter alia, until after the resolution of the Revised Settlement Agreement. As of August 5, 2019, a hearing on this motion and the corresponding objections is scheduled for August 12, 2019.

On July 23, 2019, the GUC Trust Administrator filed two motions. First, the GUC Trust Administrator sought approval from the Bankruptcy Court to make an expedited distribution to holders of 502(h) claims resulting from the TLAA Settlement Payment so that 502(h) claimholders could receive their distributions prior to the end of the quarter as set forth in the GUC Trust Agreement. Second, the GUC Trust filed a motion seeking authority to make an expedited distribution of Excess GUC Trust Distributable Assets. New GM and the Economic Loss Plaintiffs have objected to both of these motions on grounds similar to those stated in the opposition to the Avoidance Action Trust motion described above. As of August 5, 2019, a hearing on both of these motions is scheduled for August 12, 2019.

The foregoing description of the TLAA Settlement Agreement does not purport to be complete and is qualified in its entirety by reference to Exhibit 10.1 to this Quarterly Report on Form 10-Q.

General Motors Product Recalls

Since the beginning of 2014, New GM has recalled millions of vehicles due to defective ignition switches, including, but not limited to, the Ignition Switch Recall, and has recalled millions of additional vehicles to address certain electrical and other safety concerns, including other defects related to the ignition switch. Many of the vehicles affected by the foregoing recalls were manufactured or sold prior to July 10, 2009, or the Closing Date, the date on which the sale of substantially all of the assets of Old GM pursuant to the MSPA was completed.

In its quarterly report on Form 10-Q filed August 1, 2019, New GM also disclosed that over 100 putative class actions were pending against New GM in various courts in the United States and Canada seeking compensatory and other damages and other relief for economic losses allegedly resulting from one or more of the recalls announced in 2014 and/or the underlying condition of vehicles covered by those recalls. Certain of these over 100 cases, or the Ignition Switch Economic Loss Actions, concern the Ignition Switch Recall, certain other cases, or the Other Economic Loss Actions, concern recalls other than the Ignition Switch Recall, and yet others concern both the Ignition Switch Recall and one or more other recalls (such actions are described herein interchangeably as Ignition Switch Economic Loss Actions or Other Economic Loss Actions). In addition, New GM disclosed that several hundreds of other actions were pending against New GM in various courts in the United States and Canada seeking compensatory and other damages and other relief for personal injury and other claims allegedly arising from accidents that occurred as a result of the underlying condition of the vehicles subject to the recalls initiated by New GM. Certain of these cases, or the Ignition Switch Personal Injury Actions, concern the Ignition Switch Recall, certain other cases, or the Other Personal Injury Actions, concern recalls other than the Ignition Switch Recall, and yet others concern both the Ignition Switch Recall and one or more other recalls (such actions are described herein interchangeably as Ignition Switch Personal Injury Actions or Other Personal Injury Actions).

Since June 2014, Recall-Related Actions have been transferred to the United States District Court of the Southern District of New York, or the MDL Court, and have been consolidated into a single case, case number 14-MD-2543 (JMF), or the MDL Proceeding. Recall-Related Actions pending in state court have been consolidated in a separate state multi-district litigation pending in Texas. Over time, New GM has reached various agreements with certain personal injury claimants regarding possible settlement of their claims. The MDL proceedings are ongoing.

Concurrently with the proceedings before the MDL Court, New GM took steps in the Bankruptcy Court to enjoin the Subject Recall-Related Actions. In that respect, beginning on April 21, 2014, New GM filed a series of motions with the Bankruptcy Court seeking to enjoin the Subject Recall-Related Actions and to enforce the Sale Order and Injunction entered on July 5, 2009, or the Sale Order (under which all product liability and property damage claims arising from accidents or incidents prior to the Closing Date were to remain with Old GM as general unsecured claims), or the Motions to Enforce.

Beginning on May 16, 2014, the Bankruptcy Court entered a series of scheduling orders which identified a number of “threshold issues” to be resolved by the Bankruptcy Court, including (i) whether plaintiffs’ procedural due process rights were violated in connection with the 363 Transaction, (ii) if such due process rights were violated, what is the appropriate remedy, (iii) whether any or all of the claims asserted in the Subject Recall-Related Actions are claims against Old GM and/or the GUC Trust, and (iv) whether any such claims against Old GM and/or the GUC Trust should be dismissed as equitably moot. The GUC Trust appeared as a party in interest with respect to New GM’s Motions to Enforce and filed briefs in opposition thereto, asserting that none of the claims of the plaintiffs in the Subject Recall-Related Actions may be properly asserted against Old GM or the GUC Trust.

On June 1, 2015, the Bankruptcy Court issued a judgment, or the Threshold Issues Judgment, which clarifies the terms of the previously-issued Threshold Issues Decision and distills the Bankruptcy Court’s holdings in the Threshold Issues Decision into a binding order. The Threshold Issues Judgment provides, in pertinent part, that:

- (i) The plaintiffs in the Ignition Switch Economic Loss Actions suffered a due process violation with respect to the Sale Order, whereas the plaintiffs in the Ignition Switch Personal Injury Actions did not suffer a due process violation with respect to the Sale Order;
- (ii) As a result of the due process violation, the provisions of the Sale Order which purport to shield New GM from any liability associated with its independent post-Sale actions can be modified, and the plaintiffs in the Ignition Switch Economic Loss Actions may proceed against New GM with respect to its independent post-Sale actions;
- (iii) Any claims asserted in the Ignition Switch Economic Loss Actions and the Ignition Switch Personal Injury Actions that relate to actions of Old GM are enjoined from being pursued against New GM on successor liability grounds;
- (iv) The Plaintiffs in the Ignition Switch Economic Loss Actions and the Ignition Switch Personal Injury Actions may seek authorization to file late claims in bankruptcy against Old GM but such claims against the GUC Trust are equitably moot, and thus the assets of the GUC Trust cannot be utilized to satisfy any claims that may be filed by plaintiffs in the Ignition Switch Economic Loss Actions and Ignition Switch Personal Injury Actions after the date of entry of the Threshold Issues Judgment (the “Equitable Mootness Finding”); and

(v) Pursuant to section 502(j) of the Bankruptcy Code, assets of the GUC Trust may be used to satisfy previously allowed or disallowed claims that are reconsidered for cause. Hence, any person who holds a previously allowed or disallowed claim may seek to have that claim reconsidered by the Bankruptcy Court, and in the event that any such claimant prevails in an application for reconsideration, the resulting additional allowed claims could dilute the recoveries of holders of GUC Trust Units.

The Equitable Mootness Finding became binding on plaintiffs in the Other Economic Loss Actions and Other Personal Injury Actions pursuant to a decision and order of the Bankruptcy Court dated September 3, 2015. Certain plaintiffs appealed the Threshold Issues Decision and Threshold Issues Judgment and on July 13, 2016, the Second Circuit held, in pertinent part, that plaintiffs in the Ignition Switch Personal Injury Actions involved in pre-closing accidents, or the Ignition Switch Pre-Closing Accident Plaintiffs, and plaintiffs in the Ignition Switch Economic Loss Actions who acquired their vehicles pre-closing were entitled to, but did not receive, direct-mail notice of the Sale because Old GM “knew or reasonably should have known about the ignition switch defect prior to bankruptcy.” The Second Circuit also noted that it could not say with fair assurance that the outcome of the Sale would have been the same had Old GM given plaintiffs adequate notice of the ignition switch defect and the Sale, and these plaintiffs voiced their objections to those provisions of the Sale Order barring their claims against New GM. Accordingly, the Second Circuit ruled that enforcing the Sale Order against the Ignition Switch Pre-Closing Accident Plaintiffs and the Ignition Switch Economic Loss Plaintiffs would violate their procedural due process rights in these circumstances, and therefore, they cannot be bound by the terms of the Sale Order. As a result, the court held that those plaintiffs are not enjoined from pursuing claims against New GM.

The Second Circuit further held that the Bankruptcy Court’s Equitable Mootness Finding was purely advisory as it determined the Bankruptcy Court lacked subject matter jurisdiction. The Second Circuit did not, however, express any opinion as to the merits of whether claims against the GUC Trust would be equitably moot if brought against the GUC Trust.

In addition, the Second Circuit held that the Sale Order cannot enjoin independent claims relating to New GM’s post-Sale conduct. It also held that claims by plaintiffs in the Ignition Switch Economic Loss Actions who bought used GM vehicles post-Sale, or Used Car Purchasers, are not bound by the Sale Order and, therefore, are not enjoined from pursuing claims against New GM for their losses, because those claimants lacked a pre-Sale connection to Old GM at the time Old GM filed its bankruptcy petition.

The Second Circuit remanded the case to the Bankruptcy Court for it to conduct further proceedings. Thereafter, the Second Circuit denied New GM’s petition for rehearing, and, on April 24, 2017, the Supreme Court of the United States denied New GM’s petition for a writ of certiorari.

On December 13, 2016, the Bankruptcy Court entered an Order to Show Cause directing the parties to address the following, the 2016 Threshold Issues: (1) whether the Ignition Switch Recall encompasses only claims stemming from NHTSA Recall No. 14v047, or whether it includes other recalls; (2) whether Other Economic Loss Actions asserting claims based solely on New GM’s independent conduct may proceed; (3) whether and how Used Car Purchasers may proceed against New GM; (4) whether plaintiffs involved in post-Closing Date accidents may bring successor liability actions against New GM; and (5) whether any plaintiffs may file late proofs of claim against the GUC Trust. Plaintiffs and New GM submitted briefs and presented argument on topics one through four, but the GUC Trust opted not to brief or present argument on those topics. On July 12, 2017, the Bankruptcy Court issued its decision on the first four 2016 Threshold Issues, holding that “(i) only plaintiffs with the Ignition Switch Defect in a Subject Vehicle are Ignition Switch Plaintiffs; (ii) used car purchasers are bound by the Sale Order to the same extent as their predecessors in interest; and (iii) claims for punitive damages against New GM, based on Old GM conduct, are barred by the Bankruptcy Code’s priority scheme.” New GM and various plaintiffs appealed certain of the Bankruptcy Court’s decisions relating to the 2016 Threshold Issues. On May 29, 2018, the United States District Court, sitting as an appellate court, affirmed the Bankruptcy Court rulings in part and vacated in part, remanding for further proceedings. *See Opinion and Order*, Docket No. 95, 17-cv-6196 (JMF).

Pursuant to the Order to Show Cause issued by the Bankruptcy Court, on December 22, 2016, various plaintiffs moved the Bankruptcy Court for permission to file late claims against the GUC Trust. Specifically, Ignition Switch Economic Loss Action plaintiffs filed a proposed class proof of claim on behalf of individuals whose vehicles were recalled in NHTSA Recall No. 14v047; Other Economic Loss Action plaintiffs filed a proposed class proof of claim on behalf of individuals whose cars were subject to other New GM recalls; and 175 Ignition Switch Pre-Closing Accident Plaintiffs each filed a proposed proof of claim. Together, these motions are the Late Claims Motions. On July 28, 2017, counsel for 171 so-called “Additional Pre-Closing Accident Plaintiffs” filed a motion with the Bankruptcy Court for authority to file late claims against the GUC Trust. Counsel for the Additional Pre-Closing Accident Plaintiffs supplemented their motion by adding 113 additional plaintiffs on August 12, 2017, and 64 additional plaintiffs on September 22, 2017, bringing the total to 348 Additional Pre-Closing Accident Plaintiffs. On December 4, 2017, counsel for the Ignition Switch Pre-Closing Accident Plaintiffs filed a notice of withdrawal as counsel of record for 30 claimants, bringing the total to 145 Ignition Switch Pre-Closing Accident Plaintiffs.

The Bankruptcy Court has not set a schedule for deciding the Late Claims Motions or for addressing the motion by the Additional Pre-Closing Accident Plaintiffs. In an Order dated March 2, 2017, the Bankruptcy Court gave permission to the GUC Trust and New GM to serve each of the plaintiffs in the Late Claims Motions related to the Ignition Switch Defect with interrogatories designed to elicit relevant facts related to the Late Claims Motions. In addition, the Bankruptcy Court ordered the GUC Trust, New GM, and the plaintiffs in the Late Claims Motions to file briefs addressing whether the plaintiffs must satisfy the standard set forth in *Pioneer Investment Services Co. v. Brunswick Associates Limited Partnership*, 507 U.S. 380 (1993), to obtain authority to file late proofs of claim, and whether and as of when some or all of the proponents of the Late Claim Motions are the beneficiaries of a tolling agreement with respect to the time for filing the Late Claim Motions. The Bankruptcy Court has not yet scheduled oral argument to discuss those issues.

Following briefing related to the Late Claims Motions, the GUC Trust engaged in discussions with counsel for certain Ignition Switch Economic Loss Action and Other Economic Loss Action plaintiffs, certain Ignition Switch Pre-Closing Accident Plaintiffs, and the Additional Pre-Closing Accident Plaintiffs regarding a potential settlement of certain issues underlying the Late Claims Motions. Such discussions meaningfully progressed, but never culminated in an executed settlement agreement (the "Proposed Plaintiff Settlement"). Instead, the GUC Trust entered into a "Forbearance Agreement" with New GM by which (i) the GUC Trust agreed not to seek an order estimating the claims of the plaintiffs in the Ignition Switch Economic Loss Actions and the Ignition Switch Personal Injury Actions or seek the issuance of Additional Shares from New GM until the final resolution of certain litigation, (ii) New GM agreed to pay the costs of the GUC Trust's litigation in connection with the Late Claims Motions and related litigation, and (iii) New GM and the GUC Trust agreed to negotiate an appropriate rate of return from New GM should any GUC Trust distributions be held up solely due to the Late Claims Motions litigation.

The effectiveness of the Forbearance Agreement was subject to, among other things, Bankruptcy Court approval and was scheduled to terminate automatically on December 29, 2017 if the Bankruptcy Court had not approved it by that date. New GM and the GUC Trust extended the automatic termination date to February 28, 2018 and the Forbearance Agreement terminated automatically on that date.

Counsel for the Ignition Switch Economic Loss Action and Other Economic Loss Action Plaintiffs, certain Ignition Switch Pre-Closing Accident Plaintiffs, and Additional Pre-Closing Accident Plaintiffs maintained that the Proposed Plaintiff Settlement was binding on the GUC Trust, notwithstanding that the agreement was never executed, and on September 11, 2017, filed a motion to enforce the Proposed Plaintiff Settlement in the Bankruptcy Court. On September 12, 2017, the GUC Trust filed a motion to authorize the Forbearance Agreement with New GM, which New GM joined.

On January 18, 2018, the Bankruptcy Court entered the Enforcement Decision, denying the motion of the plaintiffs to enforce the Proposed Plaintiff Settlement. In denying that motion, the Bankruptcy Court found that the unexecuted Proposed Plaintiff Settlement was not enforceable because it contained an unambiguous provision that it would not become enforceable until executed. In so holding, however, the Bankruptcy Court also made certain negative findings of fact with respect to the GUC Trust, which findings the GUC Trust disputes. After due deliberation, the GUC Trust determined that it would not seek to appeal such findings. A copy of the Enforcement Decision was filed as an exhibit to the GUC Trust's Current Report on Form 8-K filed with the SEC on January 24, 2018.

As previously disclosed, including most recently in the GUC Trust's Annual Report on Form 10-K filed on June 4, 2019, on April 25, 2018, the GUC Trust entered into the Settlement Agreement with certain plaintiffs to settle the Late Claims Motions and various related issues, which was subject to Bankruptcy Court approval. The Settlement Agreement filed for approval with the Bankruptcy Court provided for the following: (a) upon entry of a Bankruptcy Court order approving procedures for notifying plaintiffs of the proposed settlement, the GUC Trust will pay the reasonable costs and expenses of providing such notice, up to a maximum of \$6.0 million; (b) upon entry of a Bankruptcy Court order approving the settlement documented in the Settlement Agreement, the GUC Trust would pay the Settlement Payment of \$15.0 million to a fund for the benefit of certain plaintiffs; (c) concurrently with the Settlement Payment, all plaintiffs would be deemed to irrevocably waive and release all present and future claims against the GUC Trust related to the issues underlying the Late Claims Motions; (d) the GUC Trust would seek entry of an order estimating the amount of plaintiffs' claims, which may, depending on the amount of the Bankruptcy Court's estimate, trigger the obligation of New GM to issue Additional Shares; (e) any and all Additional Shares issued as a result of the entry of a claims estimation order would be placed in a fund for the exclusive benefit of certain plaintiffs; and (f) concurrently with the making of the Settlement Payment, all holders of beneficial interest in the GUC Trust, as well as the defendants in the Term Loan Avoidance Action, would be deemed to irrevocably waive and release any and all rights to the Additional Shares.

As previously disclosed, including most recently on the GUC Trust's Annual Report on Form 10-K filed June 4, 2019, on May 22, 2018, the GUC Trust entered into an amended version of the Settlement Agreement intended to clarify the intent of certain provisions of the Settlement Agreement. The amendments were intended to clarify that the Bankruptcy Court's estimation of the plaintiffs' claims against the GUC Trust, while subject to appeal, would not afford the plaintiffs the ability to seek jury trials to determine the amount of individual claims for distribution purposes. The amendments were intended to further clarify that, if the Settlement Agreement were to be approved, the plaintiffs would be subject to a complete and irrevocable waiver and release in regards to any claims against the GUC Trust or the GUC Trust Assets (as defined in the Settlement Agreement) upon payment of the Settlement Payment. Lastly, the amendments were intended to clarify that the plaintiffs would also waive jury trial rights in regards to the determination of the amount of individual claims that are estimated for allowance purposes.

At a case management conference on May 25, 2018, the Bankruptcy Court requested briefing on whether a class of economic loss plaintiffs must be certified pursuant to Federal Rule of Civil Procedure 23 prior to approval of the Settlement Agreement and related issues. Simultaneous briefs on that issue were filed on June 12, 2018, and the Bankruptcy Court heard oral argument on those issues on July 19, 2018. As previously disclosed, including most recently in the GUC Trust's Annual Report on Form 10-K filed on June 4, 2019, on September 25, 2018, the Bankruptcy Court issued the Memorandum Opinion and Order Concluding that the Signatory Plaintiffs and the GUC Trust Must Satisfy Civil Rule 23 for the Proposed Settlement to be Approved and Denying Three Pending Motions Without Prejudice [Docket No. 14374] (the "Rule 23 Decision"). The Rule 23 Decision concluded that a Rule 2023 class certification of the economic loss claimants is required before the Bankruptcy Court can approve the Settlement Agreement, which Settlement Agreement contemplated resolution and estimation of the claims of millions of economic loss plaintiffs. The Bankruptcy Court also noted that while "[t]he Proposed Settlement makes a lot of sense, ending years of uncertainty and litigation and providing Claimants with the possibility of recovery . . . approval of the Proposed Settlement first requires Rule 23 class certification for settlement purposes." In the absence of class certifications, the Bankruptcy Court found that each economic loss plaintiff would be required to individually file his or her own claim.

In the Rule 23 Decision, the Bankruptcy Court also denied without prejudice the following motions, which were filed in connection with the motion for approval of the Settlement Agreement: (1) the Motion for Order: (a) Granting Authority to Reallocate and Use Distributable Cash for Notice Procedures; (b) Approving Notice Procedures with Respect to (A) the Proposed Settlement Pursuant to Federal Rule of Bankruptcy Procedure 2002(m) and (B) the Estimation Motion; and (c) Directing the Production of Information Held by General Motors LLC Pursuant to Federal Rule of Bankruptcy Procedure 2004 and Bankruptcy Code Section 105(a) filed on May 2, 2018 [Docket No. 14292]; (2) the Motion of Motors Liquidation Company GUC Trust to (a) Approve the GUC Trust Administrator's Actions, (b) approve the Settlement Agreement by and among the Signatory Plaintiffs and the GUC Trust Pursuant to Bankruptcy Code Sections 105, 363 and 1142 and Bankruptcy Rules 3002 and 9019 and (c) Authorize the Reallocation of GUC Trust Assets filed on May 3, 2018 [Docket No. 14293]; and (3) the Motion of Motors Liquidation GUC Trust to Estimate Vehicle Recall Economic Loss and Personal Injury Claims for Allowance Purposes and to Establish a Schedule for the Claims Estimation Proceeding filed on May 3, 2018 [Docket No. 14294].

After resumption of settlement negotiations between the GUC Trust and the Signatory Plaintiffs, as previously disclosed, including most recently in the GUC Trust's Annual Report on Form 10-K filed on June 4, 2019, on February 1, 2019, the GUC Trust entered into the Revised Settlement Agreement. Also on February 1, 2019, the GUC Trust Administrator filed the Motion of Motors Liquidation Company GUC Trust to Approve (I) the GUC Trust Administrator's Actions (II) the Settlement Agreement by and Among the Signatory Plaintiffs and the GUC Trust Pursuant to Bankruptcy Code Sections 105, 363, and 1142 and Bankruptcy Rules 3002, 9014 and 9019 and (III) Authorize the Reallocation of GUC Trust Assets [Docket No. 14409] (the "Settlement Approval Motion") with the Bankruptcy Court seeking (i) court approval of actions to be undertaken by the GUC Trust Administrator under the terms of a proposed settlement between and among the GUC Trust Administrator, certain Ignition Switch Plaintiffs, certain Non-Ignition Switch Plaintiffs and certain Pre-Closing Accident Plaintiffs (as those terms are defined in the Settlement Approval Motion) and (ii) authorization to, among other things, reallocate and use up to \$13.72 million in GUC Trust Distributable Assets for the purposes of funding notice costs contemplated by the Revised Settlement Agreement. The Revised Settlement Agreement also contemplates that within three (3) business days of entry of the Final Approval Order (as defined therein), the GUC Trust shall file a motion to estimate the aggregate allowed General Unsecured Claims of Economic Loss Plaintiffs and certain Pre-Closing Accident Plaintiffs against Sellers and/or the GUC Trust pursuant to Bankruptcy Code Section 502 (c), Section 5.1 of the GUC Trust Agreement, Section 7.3 of the Plan, Section 3.2(c) of the MSPA and the Side Letter. The Bankruptcy Court has not yet scheduled oral argument on the Settlement Approval Motion.

Key terms of the Revised Settlement Agreement filed with the Bankruptcy Court for approval include: (1) the GUC Trust has agreed to pay the reasonable cost and expense of notice of the settlement in an amount not to exceed \$13.72 million; (2) the Economic Loss Plaintiffs shall prepare and file a motion seeking certification of the Economic Loss Class pursuant to Rule 23 on a preliminary and final basis, form and manner of notice, and appointment of class representatives and class counsel for Rule 23(a) and (g) settlement certification purposes; (3) the settlement set forth in the Revised Settlement Agreement shall become effective on the date that the Final Approval Order is entered (the "Settlement Effective Date"); (4) upon the Settlement Effective Date, the plaintiffs shall be deemed to irrevocably waive and release all claims against the GUC Trust, including a release of any rights to prior distributions of or current GUC Trust Assets and any rights to distributions by the Avoidance Action Trust, and waive jury trial rights with regard to fixing the amount of individual claims that are estimated for allowance purposes and entitlement to any value from the Adjustment Shares; and (5) subject to the entry of the Final Approval Order and within three (3) business days after its entry, the GUC Trust will seek the entry of a claims estimate order that: (i) estimates the aggregate allowed General Unsecured Claims of Plaintiffs against Sellers and/or the GUC Trust pursuant to Section 5.1 of the GUC Trust Agreement, Section 7.3 of the Plan, Section 3.2(c) of

the MSPA, and the Side Letter, in an amount that, as of the date of the estimation order, could equal or exceed \$10 billion, thus triggering the issuance of the maximum amount of the Adjustment Shares; and (ii) directs that, subject to Section 7 of the Revised Settlement Agreement, any such Adjustment Shares issued as a result of an Estimation Order, or the value of such Adjustment Shares, be promptly delivered by New GM to a trust, fund or other vehicle established and designated by the Signatory Plaintiffs for the exclusive benefit of the plaintiffs.

This description is a summary of key terms only, and does not purport to describe all terms of the Revised Settlement Agreement and the Revised Settlement Agreement is incorporated herein by reference to Exhibit 10.1 to the Current Report on Form 8-K filed by the GUC Trust on February 7, 2019.

On February 1, 2019, the Economic Loss Plaintiffs filed a motion to: (1) Extend Bankruptcy Rule 7023 to These Proceedings; (2) Approve the Form and Manner Of Notice; (3) Grant Class Certification For Settlement Purposes Upon Final Settlement Approval; (4) Appoint Class Representatives and Class Counsel for Settlement Purposes; and (5) Approve the Settlement Agreement by and Among The Signatory Plaintiffs and the GUC Trust Pursuant To Rule 23 [Docket No. 14408] (the “Rule 23 Motion”). The filing of the Rule 23 Motion is expressly contemplated by the Revised Settlement Agreement.

New GM timely filed opposition to the Settlement Approval Motion and the Rule 23 Motion, and the moving parties each timely filed a reply in further support. Both motions are fully briefed and remain pending. As of August 5, 2019, no oral argument is scheduled.

On February 22, 2019, New GM filed a *Motion Pursuant to Section 105(a) of the Bankruptcy Code to (A) Stay Proceedings Relating to the Proposed Settlement and (B) Grant Related Relief* [ECF No. 14431] in the Bankruptcy Court (the “Stay Motion”) and a *Motion to Withdraw the Reference of the Economic Loss Plaintiffs’ Rule 23 Motion* in the MDL (the “Withdrawal Motion”). The GUC Trust, among other parties, timely filed opposition to the Stay Motion and the Withdrawal Motion. Both motions are fully briefed and remain pending. As of August 5, 2019, no oral argument is scheduled.

Other Matters

The GUC Trust has been named a defendant in an action by a claimant asserting claims against Old GM (among others). The claimant is seeking relief from the Bankruptcy Court to pursue tort claims against New GM, or in the alternative, to file a post-bar-date proof of claim against Old GM’s bankruptcy estate. On October 18, 2017, the Bankruptcy Court denied the claimant’s motion in its entirety, holding that the claimant received adequate due process, and could not demonstrate excusable neglect necessary to file a late proof of claim. On October 26, 2017, the claimant filed a notice of appeal of the Bankruptcy Court’s decision to the United States District Court for the Southern District of New York. The appeal was fully briefed by all parties and oral argument was held on October 30, 2018. On March 27, 2019, the District Court entered a *Memorandum Opinion and Order* [17-cv-08538-LTS, ECF No. 40], which affirmed the Bankruptcy Court’s decision and dismissed the appeal. On April 23, 2019, the claimant filed a Notice of Appeal to the Court of Appeals for the Second Circuit, case no 19-1083. The appeal remains pending.

In addition, on January 21, 2019, Celestine and Lawrence Elliott filed a motion to assert a late claim against Old GM, and a draft of the proof of claim (which purports to be an individual and class claim) that the Elliots seek to file relating to issues with the driver door module on their 2006 Chevrolet Trailblazer (the “Trailblazer Late Claim Motion”). As explained in the Trailblazer Late Claim Motion, the Elliott’s 2006 Chevrolet Trailblazer was subject to recalls for an issue with the driver door module starting in 2012 and continuing through 2014, NHTSA Campaign Nos. 12V406000, 13V248000, 14V404000 and 15V599000. The GUC Trust timely objected to the Trailblazer Late Claim Motion. The Bankruptcy Court heard oral argument on May 23, 2019. On May 28, 2019, the Bankruptcy Court issued the *Memorandum Opinion and Order Denying Motion to Permit Filing of Late Claim* [ECF No. 14516] denying the Trailblazer Late Claim Motion. The Elliots have appealed and that appeal remains pending.

Other than the foregoing, during the quarter ended June 30, 2019, no material changes occurred with respect to any legal proceedings relating to the GUC Trust, as compared to the disclosures included in the GUC Trust’s prior filings with the SEC.

Item 1A. Risk Factors.

No assurance may be given that claims relating to accidents or other incidents, including recalls involving General Motors vehicles manufactured or sold prior to July 10, 2009, and/or settlements previously reached with plaintiffs asserting such claims, will not adversely affect the GUC Trust, its assets or the Plan.

No assurance may be given that claims relating to accidents or other incidents, including recalls involving General Motors vehicles manufactured or sold prior to July 10, 2009, and/or settlements previously reached with plaintiffs asserting such claims, will not become allowed claims and thereby dilute the remaining assets of the GUC Trust and possibly even require claw back of previous distributions.

Since the beginning of 2014, New GM has recalled millions of vehicles due to defective ignition switches, including, but not limited to, the Ignition Switch Recall, and has recalled millions more vehicles to address certain electrical and other safety concerns. Many of the vehicles affected by the foregoing recalls were manufactured or sold prior to July 10, 2009, or the Closing Date, the date on which the sale of substantially all of the assets of Old GM pursuant to the MSPA was completed.

In its Quarterly Report on Form 10-Q filed August 1, 2019, New GM also disclosed that over 100 putative class actions were pending against New GM in various courts in the United States and Canada seeking compensatory and other damages and other relief for economic losses allegedly resulting from one or more of the recalls announced in 2014 and/or the underlying condition of vehicles covered by those recalls. Certain of these over 100 cases, or the Ignition Switch Economic Loss Actions, concern the Ignition Switch Recall, certain other cases, or the Other Economic Loss Actions, concern recalls other than the Ignition Switch Recall, and yet others concern both the Ignition Switch Recall and one or more other recalls (such actions are described herein interchangeably as Ignition Switch Economic Loss Actions or Other Economic Loss Actions). In addition, New GM disclosed that several hundreds of other actions were pending against New GM in various courts in the United States and Canada seeking compensatory and other damages and other relief for personal injury and other claims allegedly arising from accidents that occurred as a result of the underlying condition of the vehicles subject to the recalls initiated by New GM. Certain of these cases, or the Ignition Switch Personal Injury Actions, concern the Ignition Switch Recall, certain other cases, or the Other Personal Injury Actions, concern recalls other than the Ignition Switch Recall, and yet others concern both the Ignition Switch Recall and one or more other recalls (such actions are described herein interchangeably as Ignition Switch Personal Injury Actions or Other Personal Injury Actions). Many of these plaintiffs have also sought the ability to file late proofs of claim against the GUC Trust (the “Late Claims Motions”). For additional information about the bankruptcy proceedings related to the Ignition Switch Economic Loss Actions, the Other Economic Loss Actions, and the Personal Injury Actions, see “General Motors Product Recalls” in Part II, Item 1 (“Legal Proceedings”) below.

As previously disclosed, including most recently in the GUC Trust’s Annual Report on Form 10-K filed on June 4, 2019, on April 25, 2018, the GUC Trust entered into the Settlement Agreement with certain plaintiffs to settle the Late Claims Motions and various related issues, which was subject to Bankruptcy Court approval. The Settlement Agreement filed for approval with the Bankruptcy Court provided for the following: (a) upon entry of a Bankruptcy Court order approving procedures for notifying plaintiffs of the proposed settlement, the GUC Trust will pay the reasonable costs and expenses of providing such notice, up to a maximum of \$6.0 million; (b) upon entry of a Bankruptcy Court order approving the settlement documented in the Settlement Agreement, the GUC Trust would pay the Settlement Payment of \$15.0 million to a fund for the benefit of certain plaintiffs; (c) concurrently with the Settlement Payment, all plaintiffs would be deemed to irrevocably waive and release all present and future claims against the GUC Trust related to the issues underlying the Late Claims Motions; (d) the GUC Trust would seek entry of an order estimating the amount of plaintiffs’ claims, which may, depending on the amount of the Bankruptcy Court’s estimate, trigger the obligation of New GM to issue Additional Shares; (e) any and all Additional Shares issued as a result of the entry of a claims estimation order would be placed in a fund for the exclusive benefit of certain plaintiffs; and (f) concurrently with the making of the Settlement Payment, all holders of beneficial interest in the GUC Trust, as well as the defendants in the Term Loan Avoidance Action, would be deemed to irrevocably waive and release any and all rights to the Additional Shares.

As previously disclosed, including most recently on the GUC Trust’s Annual Report on Form 10-K filed June 4, 2019 on May 22, 2018, the GUC Trust entered into an amended version of the Settlement Agreement intended to clarify the intent of certain provisions of the Settlement Agreement. The amendments were intended to clarify that the Bankruptcy Court’s estimation of the plaintiffs’ claims against the GUC Trust, while subject to appeal, would not afford the plaintiffs the ability to seek jury trials to determine the amount of individual claims for distribution purposes. The amendments were intended to further clarify that, if the Settlement Agreement were to be approved, the plaintiffs would be subject to a complete and irrevocable waiver and release in regards to any claims against the GUC Trust or the GUC Trust Assets (as defined in the Settlement Agreement) upon payment of the Settlement Payment. Lastly, the amendments were intended to clarify that the plaintiffs would also waive jury trial rights in regards to the determination of the amount of individual claims that are estimated for allowance purposes.

At a case management conference on May 25, 2018, the Bankruptcy Court requested briefing on whether a class of economic loss plaintiffs must be certified pursuant to Federal Rule of Civil Procedure 23 prior to approval of the Settlement Agreement and related issues. Simultaneous briefs on that issue were filed on June 12, 2018, and the Bankruptcy Court heard oral argument on those issues on July 19, 2018. As previously disclosed, including most recently in the GUC Trust’s Annual Report on Form 10-K filed on June 4, 2019, on September 25, 2018, the Bankruptcy Court issued the Memorandum Opinion and Order Concluding that the Signatory Plaintiffs and the GUC Trust Must Satisfy Civil Rule 23 for the Proposed Settlement to be Approved and Denying Three Pending Motions Without Prejudice [Docket No. 14374] (the “Rule 23 Decision”). The Rule 23 Decision concluded that a Rule 23 class certification of the economic loss claimants is required before the Bankruptcy Court can approve the Settlement Agreement, which Settlement Agreement contemplated resolution and estimation of the claims of millions of economic loss plaintiffs. The

Bankruptcy Court also noted that while “[t]he Proposed Settlement makes a lot of sense, ending years of uncertainty and litigation and providing Claimants with the possibility of recovery . . . approval of the Proposed Settlement first requires Rule 23 class certification for settlement purposes.” In the absence of class certifications, the Bankruptcy Court found that each economic loss plaintiff would be required to individually file his or her own claim.

In the Rule 23 Decision, the Bankruptcy Court also denied without prejudice the following motions, which were filed in connection with the motion for approval of the Settlement Agreement: (1) the Motion for Order: (a) Granting Authority to Reallocate and Use Distributable Cash for Notice Procedures; (b) Approving Notice Procedures with Respect to (A) the Proposed Settlement Pursuant to Federal Rule of Bankruptcy Procedure 2002(m) and (B) the Estimation Motion; and (c) Directing the Production of Information Held by General Motors LLC Pursuant to Federal Rule of Bankruptcy Procedure 2004 and Bankruptcy Code Section 105(a) filed on May 2, 2018 [Docket No. 14292]; (2) the Motion of Motors Liquidation Company GUC Trust to (a) Approve the GUC Trust Administrator’s Actions, (b) approve the Settlement Agreement by and among the Signatory Plaintiffs and the GUC Trust Pursuant to Bankruptcy Code Sections 105, 363 and 1142 and Bankruptcy Rules 3002 and 9019 and (c) Authorize the Reallocation of GUC Trust Assets filed on May 3, 2018 [Docket No. 14293]; and (3) the Motion of Motors Liquidation GUC Trust to Estimate Vehicle Recall Economic Loss and Personal Injury Claims for Allowance Purposes and to Establish a Schedule for the Claims Estimation Proceeding filed on May 3, 2018 [Docket No. 14294].

After resumption of settlement negotiations between the GUC Trust and the Signatory Plaintiffs, as previously disclosed, including most recently in the GUC Trust’s Annual Report on Form 10-K filed on June 4, 2019, on February 1, 2019, the GUC Trust entered into the Revised Settlement Agreement. Also on February 1, 2019, the GUC Trust Administrator filed the Motion of Motors Liquidation Company GUC Trust to Approve (I) the GUC Trust Administrator’s Actions (II) the Settlement Agreement by and Among the Signatory Plaintiffs and the GUC Trust Pursuant to Bankruptcy Code Sections 105, 363, and 1142 and Bankruptcy Rules 3002, 9014 and 9019 and (III) Authorize the Reallocation of GUC Trust Assets [Docket No. 14409] (the “Settlement Approval Motion”) with the Bankruptcy Court seeking (i) court approval of actions to be undertaken by the GUC Trust Administrator under the terms of a proposed settlement between and among the GUC Trust Administrator, certain Ignition Switch Plaintiffs, certain Non-Ignition Switch Plaintiffs and certain Pre-Closing Accident Plaintiffs (as those terms are defined in the Settlement Approval Motion) and (ii) authorization to, among other things, reallocate and use up to \$13.72 million in GUC Trust Distributable Assets for the purposes of funding notice costs contemplated by the Revised Settlement Agreement. The Revised Settlement Agreement also contemplates that within three (3) business days of entry of the Final Approval Order (as defined therein), the GUC Trust shall file a motion to estimate the aggregate allowed General Unsecured Claims of Economic Loss Plaintiffs and certain Pre-Closing Accident Plaintiffs against Sellers and/or the GUC Trust pursuant to Bankruptcy Code Section 502 (c), Section 5.1 of the GUC Trust Agreement, Section 7.3 of the Plan, Section 3.2(c) of the MSPA and the Side Letter. The Bankruptcy Court has not yet scheduled oral argument on the Settlement Approval Motion.

Key terms of the Revised Settlement Agreement filed with the Bankruptcy Court for approval include: (1) the GUC Trust has agreed to pay the reasonable cost and expense of notice of the settlement in an amount not to exceed \$13.72 million; (2) the Economic Loss Plaintiffs shall prepare and file a motion seeking certification of the Economic Loss Class pursuant to Rule 23 on a preliminary and final basis, form and manner of notice, and appointment of class representatives and class counsel for Rule 23(a) and (g) settlement certification purposes; (3) the settlement set forth in the Revised Settlement Agreement shall become effective on the date that the Final Approval Order is entered (the “Settlement Effective Date”); (4) upon the Settlement Effective Date, the plaintiffs shall be deemed to irrevocably waive and release all claims against the GUC Trust, including a release of any rights to prior distributions of or current GUC Trust Assets and any rights to distributions by the Avoidance Action Trust, and waive jury trial rights with regard to fixing the amount of individual claims that are estimated for allowance purposes and entitlement to any value from the Adjustment Shares; and (5) subject to the entry of the Final Approval Order and within three (3) business days after its entry, the GUC Trust will seek the entry of a claims estimate order that: (i) estimates the aggregate allowed General Unsecured Claims of Plaintiffs against Sellers and/or the GUC Trust pursuant to Section 5.1 of the GUC Trust Agreement, Section 7.3 of the Plan, Section 3.2(c) of the MSPA, and the Side Letter, in an amount that, as of the date of the estimation order, could equal or exceed \$10 billion, thus triggering the issuance of the maximum amount of the Adjustment Shares; and (ii) directs that, subject to Section 7 of the Revised Settlement Agreement, any such Adjustment Shares issued as a result of an Estimation Order, or the value of such Adjustment Shares, be promptly delivered by New GM to a trust, fund or other vehicle established and designated by the Signatory Plaintiffs for the exclusive benefit of the plaintiffs.

This description is a summary of key terms only, and does not purport to describe all terms of the Revised Settlement Agreement and the Revised Settlement Agreement is incorporated herein by reference to Exhibit 10.1 to the Current Report on Form 8-K filed by the GUC Trust on February 7, 2019.

On February 1, 2019, the Economic Loss Plaintiffs filed a motion to: (1) Extend Bankruptcy Rule 7023 to These Proceedings; (2) Approve the Form and Manner Of Notice; (3) Grant Class Certification For Settlement Purposes Upon Final Settlement Approval; (4) Appoint Class Representatives and Class Counsel for Settlement Purposes; and (5) Approve the Settlement Agreement by and Among The Signatory Plaintiffs and the GUC Trust Pursuant To Rule 23 [Docket No. 14408] (the “Rule 23 Motion”). The filing of the Rule 23 Motion is expressly contemplated by the Revised Settlement Agreement.

New GM timely filed opposition to the Settlement Approval Motion and the Rule 23 Motion, and the moving parties each timely filed a reply in further support. Both motions are fully briefed and remain pending. As of August 5, 2019, no oral argument is scheduled.

On February 22, 2019, New GM filed a *Motion Pursuant to Section 105(a) of the Bankruptcy Code to (A) Stay Proceedings Relating to the Proposed Settlement and (B) Grant Related Relief* [ECF No. 14431] in the Bankruptcy Court (the “Stay Motion”) and a *Motion to Withdraw the Reference of the Economic Loss Plaintiffs’ Rule 23 Motion* in the MDL (the “Withdrawal Motion”). The GUC Trust, among other parties, timely filed opposition to the Stay Motion and the Withdrawal Motion. Both motions are fully briefed and remain pending. As of August 5, 2019, no oral argument is scheduled.

On July 23, 2019, the GUC Trust Administrator filed two motions. First, the GUC Trust Administrator sought approval from the Bankruptcy Court to make an expedited distribution to holders of 502(h) claims resulting from the TLAA Settlement Payment so that 502(h) claimholders could receive their distributions prior to the end of the quarter as set forth in the GUC Trust Agreement. Second, the GUC Trust filed a motion seeking authority to make an expedited distribution of Excess GUC Trust Distributable Assets. New GM and the Economic Loss Plaintiffs have objected to both of these motions and requested that the Court stay any Excess GUC Trust Distributable Assets from being distributed prior to the approval or denial of the Revised Settlement Agreement. As of August 5, 2019, a hearing on both of these motions is scheduled for August 12, 2019.

Other Matters

The GUC Trust has been named a defendant in an action by a claimant asserting claims against Old GM (among others). The claimant is seeking relief from the Bankruptcy Court to pursue tort claims against New GM, or in the alternative, to file a post-bar-date proof of claim against Old GM’s bankruptcy estate. On October 18, 2017, the Bankruptcy Court denied the claimant’s motion in its entirety, holding that the claimant received adequate due process, and could not demonstrate excusable neglect necessary to file a late proof of claim. On October 26, 2017, the claimant filed a notice of appeal of the Bankruptcy Court’s decision to the United States District Court for the Southern District of New York. The appeal was fully briefed by all parties and oral argument was held on October 30, 2018. On March 27, 2019, the District Court entered a *Memorandum Opinion and Order* [17-cv-08538-LTS, ECF No. 40], which affirmed the Bankruptcy Court’s decision and dismissed the appeal. On April 23, 2019, the claimant filed a Notice of Appeal to the Court of Appeals for the Second Circuit, case no 19-1083. The appeal remains pending.

In addition, on January 21, 2019, Celestine and Lawrence Elliott filed a motion to assert a late claim against Old GM, and a draft of the proof of claim (which purports to be an individual and class claim) that the Elliots seek to file relating to issues with the driver door module on their 2006 Chevrolet Trailblazer (the “Trailblazer Late Claim Motion”). As explained in the Trailblazer Late Claim Motion, the Elliott’s 2006 Chevrolet Trailblazer was subject to recalls for an issue with the driver door module starting in 2012 and continuing through 2014, NHTSA Campaign Nos. 12V406000, 13V248000, 14V404000 and 15V599000. The GUC Trust timely objected to the Trailblazer Late Claim Motion. The Bankruptcy Court heard oral argument on May 23, 2019. On May 28, 2019, the Bankruptcy Court issued the *Memorandum Opinion and Order Denying Motion to Permit Filing of Late Claim* [ECF No. 14516] denying the Trailblazer Late Claim Motion. The Elliots have appealed and that appeal remains pending.

Remaining distributions with respect to the GUC Trust Units are principally contingent on the approval of the motion to distribute Excess GUC Trust Distributable Assets for which a hearing is currently scheduled for August 12, 2019, and the results of which cannot be predicted in advance.

The amount of remaining Distributable Cash that is ultimately distributed to each GUC Trust Unit beneficiary will principally depend on the approval of the motion to distribute \$320.9 million in Excess GUC Trust Distributable Assets. It is not possible to predict whether and/or when that motion will be approved. Thus, the aggregate amount of Distributable Cash that is ultimately available for distribution in respect of the GUC Trust Units is not presently determinable. For additional information about the motion to distribute Excess GUC Trust Distributable Assets, see “Legal Proceedings” above.

Other than the foregoing, there have been no material changes regarding risk factors from what was previously included in the Annual Report on Form 10-K for the year ended March 31, 2019 filed with the SEC on June 4, 2019.

**CERTIFICATION PURSUANT TO
RULE 13a-14(a) and 15d-14(a) UNDER THE SECURITIES EXCHANGE ACT OF 1934,
AS AMENDED**

I, David A. Vanaskey Jr., in my capacity as Administrative Vice President of Wilmington Trust Company, in its capacity as trust administrator and trustee of Motors Liquidation Company GUC Trust (the "Trust"), certify that:

1. I have reviewed this quarterly report on Form 10-Q of the Trust;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the net assets and changes in net assets under the liquidation basis of accounting of the Trust as of, and for, the periods presented in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal controls over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the Trust and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the Trust, including its consolidated subsidiaries, is made known to me by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under my supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the Trust's disclosure controls and procedures and presented in this report my conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the Trust's internal control over financial reporting that occurred during the Trust's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Trust's internal control over financial reporting; and
5. I have disclosed, based on my most recent evaluation, to the Trust's auditors:
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Trust's ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the Trust's internal control over financial reporting.
